Canadian Association Adds Polyglass Solutions to its Roof Guarantee Program

Roofing Contractors Association of British Columbia has included Polyglass' products in its RoofStar Guarantee program, approving the company's roofing solutions for the Canadian roofing market.

DEERFIELD BEACH, Fla. May 8, 2018—Polyglass U.S.A., Inc. announced today that its products are approved for the RoofStar Guarantee, a comprehensive program offered to Canadian building owners and is backed by both the contractor and the Roofing Contractors Association of British Columbia (RCABC).

The inclusion of Polyglass' solutions in the RoofStar Guarantee program recognizes the products as high-quality solutions. Established by the RCABC, the RoofStar Guarantee was introduced to ensure quality installations and acceptable standards for roofing materials. RCABC certifies that only the best materials are used for installations and also provides reputable contractors, well-trained installers, and independent inspections.

"We are excited about this achievement and look forward to providing more of our premium solutions to the Canadian roofing industry," said Director of Sales, Technical and Customer Service Todd Homa. "As a member of the RCABC, we appreciate the standards in place to maintain quality and provide all parties in the process with peace of mind and security."

About Polyglass:

Polyglass U.S.A., Inc. is a leading manufacturer of roofing and waterproofing systems for low-and steep-slope applications. Known for its self-adhered modified bitumen roofing systems based on the company's patented [ADESO® Technology](#) and [CURE Technology®](#), Polyglass also produces a full line of premium roof coatings and roof maintenance systems.
