

UNDERSTANDING HEALTH SYSTEMS' REVENUE CYCLE MANAGEMENT: CURRENT TOOLS AND CHALLENGES

Dimensional Insight collaborated with HIMSS Analytics to survey 117 senior-level decision makers in hospitals and health systems:
CEOs, CIOs, Directors of IT and Finance, and Heads of RCM

HIGH-LEVEL FINDINGS

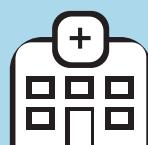

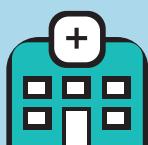

BIGGEST CHALLENGES WITH RCM?

BIGGEST CHALLENGES WITHIN RCM?

Health systems using multiple RCM solutions

Bigger problems with denials

More than 2/3 of health systems use more than one vendor for RCM

HOW DO DISPARATE SOURCES CONTRIBUTE TO ISSUES WITH REVENUE INTEGRITY?

67%

"lack of interoperability" and "some systems are left in silos" contribute to revenue integrity issues the most.

Key stakeholders do not trust the data.

30%

95%
YES

IS THE WAY DATA COLLECTED AN ISSUE?

More than 95% of health systems said yes.

BOTTOM LINE

Health systems need solutions to bring data together and make it useful throughout the entire revenue cycle.
