Monroe Health Center Selects iPatientCare EHR

iPatientCare declares Monroe Health Center's selection of iPatientCare EHR after thorough Evaluation

Old Bridge, NJ, May 31, 2018 - iPatientCare, Inc., a pioneer in cloud-based ambulatory EHR, Revenue Cycle Management services, integrated Practice Management and Patient Engagement Solutions, announced its selection as the EHR after thorough evaluation by Monroe Health Center. iPatientCare's R18 is 2015 ONC Health IT Certified EHR supporting all criteria required for the CPC+ program along with features like telemedicine, care-plan, care coordination and implantable device.

iPatientCare, through its intuitive EHR and informative dashboards, has made it extremely easy and achievable for the providers to manage patient charts, e-prescribe, scheduling/rescheduling appointments etc. It utilizes user-centric design and high performance architecture that assists you and your staff to work efficiently.

"We have always been diligently participating in quality reporting initiatives from CMS and other payers for many years. Participating in CPC+ quality program was one of our endeavors, and iPatientCare has made it extremely easy and achievable through its intuitive EHR and informative dashboards. It has actually enhanced our practice workflow as all the reports we want are handy and available without any hassle. The QIC team of iPatientCare has been providing us excellent support and service, which has enabled us to achieve our practice's goal." Said Maira Bhurgri – Office Manager – Monroe Health Center, Monroe, MI.

About iPatientCare:

Based at Old Bridge, New Jersey, iPatientCare is a private-held Corporation that is nationally recognized as one of the leading companies providing EHR and integrated MACRA-ready solutions and intelligent medical billing and revenue cycle enhancement services to physician offices providing primary and specialty care, rural health clinics, and community/federally qualified health centers (CHC/FQHC) nationwide.

At iPatientCare, we help healthcare providers to dramatically reduce A/R days and improve collections rates, reduce billing costs, eliminate the burden of repeatable, high volume work on their internal teams, and plug gaps in staffing and internal bandwidth. Our expert teams are comprised of senior executives with extensive experience in clinically-driven revenue cycle management systems including certified billers and coders with managerial capabilities to facilitate client interactions, escalations and SLA. We also provide a dedicated account manager and a team of talented experts assigned to work as an extension of your office, instead of operating as an outsourced billing company or technology vendor.

iPatientCare EHR 18.0 has received 2015 Edition ONC Health IT certification by Drummond Group, an Office of the National Coordinator-Authorized Certification Body (ONC-ACB), in accordance with the

applicable eligible professional certification criteria adopted by the Secretary of Health and Human Services (HHS). Full certification details can be found at ONC Certified Health IT Product List. If desired, we make the difficult tasks of revenue cycle optimization and MACRA/PCMH/QR reporting easier by bundling innovative EHR and other cloud-based practice solutions as part of our revenue cycle management and MACRA consulting services at no additional costs.

As part of its MACRA-ready solutions, iPatientCare has been recognized as a qualified MACRA-MIPS registry for the year 2018 by CMS, and has a distinguished credit of being selected as a preferred EHR vendor and medical/chiropractic billing company by more than 70,000 users nationwide, numerous hospitals/health systems, federally funded regional extension centers, and in the past by the US Army and NASA Space Medicine.
