

Heiden Technology Solutions Ranked Among Top 501 Global Managed Service Providers by Channel Futures

11th Annual MSP 501 Identifies World's Most Forward-Thinking MSPs & Leading Trends in Managed Services

June 27, 2018: Heiden Technology Solutions ranks among the world's 501 most strategic and innovative managed service providers (MSPs), according to Channel Futures 11th-annual MSP 501 Worldwide Company Rankings.

The MSP 501 is the first, largest and most comprehensive ranking of managed service providers worldwide. This year Channel Futures received a record number of submissions. Applications poured in from Europe, Asia, South America and beyond.

As it has for the last three years, Channel Futures teamed with Clarity Channel Advisors to evaluate these progressive and forward-leaning companies. MSPs were ranked according to our unique methodology, which recognizes that not all revenue streams are created equal. We weighted revenue figures according to how well the applicant's business strategy anticipates trends in the fast-evolving channel ecosystem.

"Our team works hard to continue to provide our clients with the best strategic planning, service, and support," said Carl Heiden, President/CEO, Heiden Technology Solutions. "this recognition really showcases our staff's passion for serving clients and creating custom solutions specifically designed to promote the growth of their businesses."

Channel Futures is pleased to honor Heiden Technology Solutions.

For the first time, Channel Futures will also name 10 special award winners, including MSP of the Year, CEO of the Year and one Lifetime Achievement Award for a career of excellence in the channel.

The MSP 501 winners and award recipients will be recognized at a special ceremony at [Channel Partners Evolution](#), held this year October 9-12 in Philadelphia, as well as in the Fall issue of Channel Partners Magazine.

"This year's applicant pool was the largest and most diverse in the history of the survey, and our winners represent the health and progressivity of the managed services market," says Kris Blackmon, Channel Futures content director and editor of the MSP 501. "They're growing their revenue, expanding their customer influence and exploring new technology that will propel them for years to come."

The full MSP 501 report, available this fall, will leverage applicant responses, interviews and historical data to identify business and technology trends in the IT channel. Highlights will include:

-) Revenue growth and business models

-) Hiring trends and workforce dynamics
-) Business strategies
-) Service deliverables
-) Business tools and automation investments

The complete 2018 MSP 501 list is available at [Channel Futures](#).

Background

The 2018 MSP 501 list is based on data collected by Channel Futures and its sister site, Channel Partners. Data was collected online from Feb. 28 through May 31, 2018. The MSP 501 list recognizes top managed service providers based on metrics including recurring revenue, growth and other factors.

About Heiden Technology Solutions

Heiden Technology Solutions has been fulfilling the IT needs of clients since 1994. Heiden Technology Solutions has been providing IT Support such as technical helpdesk support, computer support, and consulting to small and medium-sized businesses. It's always been our goal to provide enterprise-level IT practices and solutions to the small business sector, with small business prices. Our experience has allowed us to build and develop the infrastructure needed to keep our prices affordable and our clients up and running.

We partner with many types of businesses in the area, and strive to eliminate IT issues before they cause expensive downtime, so you can continue to drive your business forward. Our dedicated staff loves seeing our clients succeed. Your success is our success, and as you grow, we grow.
