

BUBBLE-X™

SLEEVE PAK

The perfect returnable solution for your shipping and packaging needs

When you demand absolute protection for your precious products, Bubble-X Sleeve Pak delivers strength, flexibility and durability where others fail. Combined with a matching pallet and cover, Sleeve Pak is the perfect lightweight, returnable, reusable and recyclable solution. Our high-density bubble board delivers protective rigidity along with moisture and chemical resistance.

All surfaces of the Bubble-X Sleeve Pak can be screen printed to ensure your brand integrity. Since our Sleeve Paks can be folded flat, they require minimal space for storage and return shipment.

Bubble-X Sleeve Pak is made from 100% recyclable polypropylene and comes in a variety of standard colors.

OUR DESIGNERS AND FABRICATORS CREATE AND PRODUCE THE PERFECT PROTECTION FOR YOUR SPECIAL NEEDS.

Combined with our full line of custom-designed interior packaging, Bubble-X™ Sleeve Pak can protect any type of valuable products.

Custom-integrated dividers, compartments, foam inserts, pallets, printing and covers complete the Sleeve Pak system for a total shipping solution.
