**ARCHITECTURE, INCORPORATED SELECTED FOR THE RENOVATION OF THE
ARLINGTON COUNTY ELLEN M. BOZMAN GOVERNMENT CENTER**

**Phased Renovation Will Provide Interior Upgrades Across Multiple Floors
of Government Administration and Public Services Building**

Reston, VA (August 28, 2017) – Architecture, Incorporated has been selected by Arlington County to lead the interior renovation of the 235,000 sf Courthouse Plaza government administration building located in Clarendon, VA. The complex renovation will optimize the work environment in response to changing business processes and consolidation of public-facing services. Phased renovations will span multiple floors of the ten-story building and is slated to achieve LEED Silver certification.

Principal-in-Charge of the project Clint Brackman, AIA says of the firm’s efforts, “We are pleased to partner once again with Arlington County on a complex renovation project.” He furthered, “The award of this project is a testament to the quality of Architecture, Incorporated’s design services and the dedication we have shown to our clients.”

Architecture, Inc. has a long history of successfully collaborating with Arlington County on their facilities improvement programs, having studied potential workplace strategies that ultimately influenced the government center renovation. Additionally, the firm provided architecture and interior design for multiple phases of the consolidation of the Department of Human Services at Sequoia Plaza, totaling 220,000 sf.

About Architecture, Incorporated

Founded in 1986, Reston, VA-based Architecture, Incorporated is a 60-person, award-winning planning, architecture, and interior design practice that is united in the belief that as trusted advisers and design leaders, we reach beyond the predictable to turn vision into reality while solving complex challenges for public, private, and government clients—improving quality of life through the built environment. Our projects range from complex renovations to new construction for commercial, hospitality, education, healthcare, senior living, multifamily, and sports and recreation clients across the region. This wide range of design experience and core value of client service has made Architecture, Inc. recognized as one of the most prominent firms in the Washington, DC metropolitan area.
