

# PRACTICAL SEL FOR 21<sup>ST</sup>-CENTURY LEARNERS

**Love In A Big World** equips K-8 educators with a social-emotional learning (SEL) curriculum that is both research-based and practical and provides the supporting resources necessary to empower students to be socially-competent and emotionally-healthy problem-solvers who maintain a sense of purpose and make a positive difference in the world. By defining the structure, scope, and sequence of 24 essential character traits, the curriculum provides meaningful activities that can be completed in as little as 15 to 30 minutes per day, though it also allows you to dedicate more time depending on your students' needs. Each lesson is designed to fit organically into your current academic schedule, including morning meetings, advisory periods, after-school programs, and during class time.
