

iPatientCare announces its participation in Brighton Center for Recovery's National Conference for addiction treatment from October 4th to 5th 2018

iPatientCare continues to achieve strong bonds with Ascension Brighton Center for Recovery's National Conference in Michigan

Old Bridge, NJ, September 18, 2018 - iPatientCare, Inc., a pioneer in [cloud-based ambulatory EHR](#), Revenue Cycle Management services, integrated Practice Management and Patient Engagement Solutions, announces its active participation in demonstrating the value of Healthcare IT at Ascension Brighton Center for Recovery's Annual Addiction Treatment Conference.

This annual conference at Suburban Collection Diamond Center in Michigan, leverages the opportunity to know the latest trends in the healthcare system. These two days will have counselors, therapists, registered nurses, probation officers, EAPs, addictionologists, and other providers interested in addiction treatment program, and will offer an opportunity to unite under common platform. This conference will update all the providers and other healthcare related personnel on the new developments, advancements, and ongoing progress in addiction treatment presented by regional and national experts.

In this conference, iPatientCare's key focus area would be to present the entire [iPatientCare healthcare IT suite that includes](#) cloud-based EHR, population health, and patient engagement solutions, which is designed to take the healthcare towards betterment.

"At iPatientCare, we believe in delivering innovative healthcare technology solutions that makes the care more convenient and effective for both caregivers and patients. During our decade and a half long association with Ascension Brighton Center for Recovery, we have been instrumental in helping them treating patients with chemical dependency by providing Strong health IT system, which includes automated screening tools, multi-disciplinary treatment plans, medication administration record with 5-rights verification, many more tools for care coordination and patient engagement. We are happy for being a part of the revolution in addiction treatment being created by **Ascension Brighton Center for Recovery** by holding the National Conference **Moving the Field Forward.**" Said [Kedar Mehta, Innovator and Chief Technology Officer at iPatientCare, Inc.](#)

About iPatientCare:

Based at Old Bridge, New Jersey, iPatientCare is a private-held Corporation that is nationally recognized as one of the leading companies providing EHR and integrated MACRA-ready solutions and intelligent medical billing and [revenue cycle enhancement services to physician offices](#) providing primary and specialty care, rural health clinics, and community/federally qualified health centers (CHC/FQHC) nationwide.

At iPatientCare, we help healthcare providers to dramatically reduce A/R days and improve collections rates, reduce billing costs, eliminate the burden of repeatable, high volume work on their internal teams, and plug gaps in staffing and internal bandwidth. Our expert teams are comprised of senior executives with extensive experience in clinically-driven revenue cycle management systems including certified billers and coders with managerial capabilities to facilitate client interactions, escalations and SLA. We also provide a dedicated account manager and a team of talented experts assigned to work as an extension of your office, instead of operating as an outsourced billing company or technology vendor.

[iPatientCare EHR 18.0 has received 2015 Edition ONC Health IT certification by Drummond Group](#), an Office of the National Coordinator-Authorized Certification Body (ONC-ACB), in accordance with the applicable eligible professional certification criteria adopted by the Secretary of Health and Human Services (HHS). Full certification details can be found at [ONC Certified Health IT Product List](#). If desired, we make the difficult tasks of revenue cycle optimization and MACRA/PCMH/QR reporting easier by bundling innovative EHR and other cloud-based practice solutions as part of our revenue cycle management and MACRA consulting services at no additional costs.

As part of its MACRA-ready solutions, iPatientCare has been recognized as a qualified MACRA-MIPS registry for the year 2018 by CMS, and has a distinguished credit of being selected as a preferred EHR vendor and medical/chiropractic billing company by more than 70,000 users nationwide, numerous hospitals/health systems, federally funded regional extension centers, and in the past by the US Army and NASA Space Medicine.
