

Vintage Series Medication Carts

Introducing Vintage Encore™ Series

NEW from Capsa Healthcare! The evolution of the LTC industry's benchmark for furniture-like medication carts. Vintage Encore is a fresh advancement of our Vintage Classic series. Valued for their durability, security, and capacity, Capsa's Vintage Encore carts now have

enhanced styling and work-saving features. Vintage Encore is ideal for extended care facilities that value modern décor and elegant touches. Strike the right balance of appearance, function, and value in today's LTC environment with Vintage Encore.

The Encore Difference

- A** Computer mounting system maximizes available work surface, with several options to mobilize EMR/EHR software and computing devices
- B** No-bounce extended work surface
- C** Stylish contemporary design integrates perfectly with modern facility interiors
- D** Sleek 1-piece stainless steel drawer handles
- E** Full selection of accessories and locking systems to streamline workflow and improve organization
- F** Expanded bumper system protects facility walls
- G** Premium casters simplify cart movement by 20%

Supports a host of popular medication delivery systems and supplies

- Punch cards
- Auto packaging
- Dispill
- Unit dose box

Multiple models to accommodate small to large resident populations.
