### FOR IMMEDIATE RELEASE

#### OneStream Networks Adds Sales Channel Leader to Global Management Team

#### Expands Management Team with Addition of Kenneth Kogut as Channel Chief

**Rochester, NY, October 4, 2018** – [OneStream Networks](#), a leading global managed communications service provider, today announced that it has expanded its global management team with the addition of Kenneth Kogut as Channel Chief. Ken will oversee all Channel Relationships and Sales in support of OneStream’s global [cloud-based SIP](#), [unified communications](#), [SD-WAN](#), and [security services](#).

Kenneth Kogut has 20+ years of experience with high tech companies and has held leadership positions in Business Development, Channel Management / Sales, Government Relations, Product Marketing and Direct Sales. Ken has held these positions at companies such as: Nortel Networks, Enterasys, Marconi and Calero in support of technologies that include: telecom, datacom, mobile, storage and TEM. Ken is a graduate of Syracuse University and served as a Captain in the U.S. Army. He lives with his wife Kelly in Pittsford, NY.

“Exceptional customer experience and execution is one of OneStream’s key differentiators,” adds Brian Skidmore, OneStream EVP Sales and Marketing. “Ken and his team will continue to manage and grow our sales channel to be the best in the industry. We welcome his experience and contribution and look forward to continued operational excellence.”

#### About OneStream Networks

OneStream Networks is purpose-built for enterprise-grade cloud-based SIP trunking, unified communications, contact center services, data networking and security services. With availability in 100+ countries, global strategic peering networks, geo-redundant POPs and multi-provider SD-WAN and MPLS transport options, OneStream delivers unparalleled scope and reach for advanced cloud-based voice, UC, data and security. OneStream has become the standard for enterprise customers, VARs, and agents looking to create cost-savings, consolidation, vendor reduction and simplified management for single site and multi-site, multi-national applications. Customers and VARs/Agents count on OneStream for certified voice and data solutions and best-in-class performance, reliability and support.
