

Sarnafil® SELF-ADHERED WALL FLASHING

Sarnafil Self-Adhered Wall Flashing is the roofing industry's first PVC peel-and-stick wall flashing option. Boasting the same benefits as the Sarnafil G 410 SA field membrane, Sarnafil SA Wall Flashing can also be installed on any Sika roofing system using Sarnafil or Sikaplan membranes (adhered, self-adhered, mechanically attached or RhinoBond).

- Can be used with *any* Sika roofing system
- Increases productivity and saves time on installations without the hassle and mess of liquid adhesives
- Provides all the benefits of an adhered roofing system minus the harsh VOCs or odors
- Sika Sarnafil is the first manufacturer to offer a complete self-adhered PVC roof system
- Eligible for Sika's System Warranty up to 20 years
