

iPatientCare is proud to announce the participation of ConnectiveRX and Practice Insight at National User Conference (NUCON) 2018, as Platinum Sponsors

ConnectiveRX and Practice Insight are ready to exhibit and participate at iPatientCare's National User Conference 2018 at Detroit from October 12 – 13, 2018

Old Bridge, NJ, October 10, 2018 - iPatientCare, Inc., is a pioneer in cloud-based ambulatory EHR, [Revenue Cycle Management services](#), integrated Practice Management and Patient Engagement solutions, proudly announces the participation of Connective RX and Practice Insight as Platinum Sponsors at National User Conference (NUCON) 2018.

ConnectiveRX connects patients, providers and pharmacists via network of EHR and retail pharmacy partners, including iPatientCare, so that they get and stay on prescribed therapies. Also get the vital information for both providers and patients at the most critical points of the office visit, by integrating clinical educational messaging with e-prescribing application, and personalized patient savings programs, at the checkout.

Since 1977, Practice Insight has always been focused in providing services to the healthcare industry. It provides secure, robust, fast and integrated EDI solutions through its industry-leading software – EDInsight. It has more than 70,000 users that rely on the power of its technology that does more than just connecting to numerous commercial and government payers to submit claims.

In this Year's conference, iPatientCare's key focus area would be to present the entire [iPatientCare healthcare IT suite](#) that includes cloud-based EHR, population health, and patient engagement solutions, that is designed to take the healthcare practices towards higher success.

"it is a pleasure to have ConnectiveRX and Practice Insight at the iPatientCare's annual event – National User Conference (NUCON) 2018. We are looking forward in knowing more about ConnectiveRX's new feature that supports vaccination administration. And are pleased with iPatientCare EDI that enables users to track claims in real-time." Said [Rajesh Mandaviya](#) and [Harsh Thakur](#), Marketing and Sales Manager, iPatientCare Inc. respectively.

About iPatientCare:

Based at Old Bridge, New Jersey, iPatientCare is a private-held Corporation that is nationally recognized as one of the leading companies providing EHR and integrated [MACRA-ready solutions](#) and intelligent medical billing and revenue cycle enhancement services to physician offices providing primary and specialty care, rural health clinics, and community/federally qualified health centers (CHC/FQHC) nationwide.

At iPatientCare, we help healthcare providers to dramatically reduce A/R days and improve collections rates, reduce billing costs, eliminate the burden of repeatable, high volume work on their internal teams, and plug gaps in staffing and internal bandwidth. Our expert teams are comprised of senior executives

with extensive experience in clinically-driven revenue cycle management systems including certified billers and coders with managerial capabilities to facilitate client interactions, escalations and SLA. We also provide a dedicated account manager and a team of talented experts assigned to work as an extension of your office, instead of operating as an outsourced billing company or technology vendor.

iPatientCare EHR 18.0 has received 2015 Edition ONC Health IT certification by Drummond Group, an Office of the National Coordinator-Authorized Certification Body (ONC-ACB), in accordance with the applicable eligible professional certification criteria adopted by the Secretary of Health and Human Services (HHS). Full certification details can be found at [ONC Certified Health IT Product List](#). If desired, we make the difficult tasks of revenue cycle optimization and MACRA/PCMH/QR reporting easier by bundling innovative EHR and other cloud-based practice solutions as part of our revenue cycle management and MACRA consulting services at no additional costs.

As part of its MACRA-ready solutions, iPatientCare has been recognized as a qualified MACRA-MIPS registry for the year 2018 by CMS, and has a distinguished credit of being selected as a preferred EHR vendor and medical/chiropractic billing company by more than 70,000 users nationwide, numerous hospitals/health systems, federally funded regional extension centers, and in the past by the US Army and NASA Space Medicine.
