

Paramount WorkPlace to Attend GPUG Summit 2018 as a Gold Sponsor

Paramount WorkPlace will showcase new capabilities of its integrated spend management solution at the annual Dynamics GP user conference in Phoenix.

Detroit, MI – October 12, 2018 - [Paramount WorkPlace](#), a leading software developer and provider of cloud-based and mobile spend management software solutions, today announced its Gold Sponsorship and Onsite Marketing Sponsorship of GPUG Summit 2018. The Microsoft Dynamics GP User Group (GPUG) is the world's most influential user group community of Microsoft Dynamics GP users and partners. The annual conference will be held this year in Phoenix, AZ from October 15-18. Paramount WorkPlace will be presenting its procurement and expense management solution that [tightly integrates with Microsoft Dynamics GP](#).

"The GPUG Summit is one of the largest gatherings of Microsoft Dynamics customers and partners in the world, and we are proud to be a part of the event again this year," said [Salim Khalife](#), President and CEO of Paramount WorkPlace, "Our team is looking forward to networking with many of the over 1,900 expected attendees, and to demonstrating the power and functionality of our integrated spend management solution."

Paramount WorkPlace's relationship with Microsoft Dynamics solutions dates back to 2000, when the company formed a strategic relationship with Navision, the predecessor of the Dynamics NAV ERP application. When Microsoft took over the Great Plains (GP) product line, Paramount WorkPlace became the first .NET requisition and time and expense management solution to enter the Great Plains (GP) market space. Since that time, Paramount WorkPlace has expanded its offering to include solutions that integrate with Microsoft Dynamics GP, Dynamics NAV, Dynamics AX, and Dynamics SL.

[Foy Mainor](#), Vice President of Sales for Paramount WorkPlace, said, "Our partnership with Microsoft dates back to the early .NET framework days. When we retooled and released Paramount WorkPlace for Microsoft, we were one of the first, if not the first, spend management solutions on the .NET platform. Our commitment to the Microsoft ecosystem continues to this day. We continually innovate and evolve our spend management solution to meet the changing needs of today's corporate users."

"Our collaborative partnerships have always focused on being in it for the long haul and offering complementary spend management capabilities that integrate seamlessly with Microsoft Dynamics," said [Khensa Bangert](#), Vice President of Marketing and Business Development for Paramount WorkPlace. "As Microsoft develops its future technologies, our product and development teams are designing and developing our next generation requisition, procurement, and expense solutions to complement Microsoft Dynamics current and future technology. Our partnership focuses on solving bigger challenges and offering innovative solutions for our mutual customers so that they remain customers for life."
