LEVEL<sup>2</sup> TRUCK BED  
TRANSPORT FOR  
BIKES & MULTI-SPORT.

- FITS ANY SIZE & FRAME
- ZERO-G STABILITY
- LOCK DOWN SECURITY

# NELSON™

# HALF 2-BIKE CARRIER

The Half Nelson truck bed mount transports two bicycles or other multi-sport gear (ie. snowboards, skis, tools) above the passenger bed side without blocking the bed's interior capacity using Let's Go Aero's VRack™ technology. Offering two models, the **Half Nelson** for attachment in domestic truck beds (i.e. Dodge, Chevrolet and Ford) and the **Half Nelson Channel** for Nissan Utili-Track and Toyota Deck Rail c-channel systems, these carriers feature one rotating SpinWing™ for easy access to both bicycles from either the ground or inside the truck bed, and an all-new anti-theft RingLocker™ that locks bicycles to the Nelson and separately the Nelson carrier to the truck bed.

#### Featuring:

- Side and Front Cab Bar bed mounts
- Domestic or c-channel bed style attachments
- Zero-G™ 4-point adjustable Wheel Grips for two bikes of any size
- RingLocker security system
- 360° rotating SpinWing for easy bike access
- Lightweight removable Wings with cushion pads

#### Weights:

Half Nelson: 20 lbs  
Half Nelson Channel: 20 lbs  
Payload (Both Models): 70 lbs  
(35lbs per Bicycle)

## THREE-QUARTER 2-BIKE CARRIER, EXPANDABLE TO FOUR OR SIX BIKES

The Three-Quarter Nelson truck bed mount transports two bicycles or other multi-sport gear (ie. snowboards, skis, tools) above the side wall without blocking the truck bed's interior capacity using VRack™ technology. The Three-Quarter Nelson includes attachments for use with all domestic pick-up trucks (accessory c-channel attachments available, sold separately), and one rotating SpinWing™ for easy ground-level access to two bikes. This Nelson carrier features expandable capacity for up to six bicycles (additional SpinWing add-on required) and the all-new anti-theft RingLocker™ that locks the bicycles to the carrier and separately the carrier to the truck.

### Featuring:

- Adjustable Cross Bar and Side Bar attachments for domestic trucks
- 360° rotating SpinWing for transport of two bikes of any size
- Sockets for more bike capacity (accessory required, sold separately)
- Lightweight removable Wings with cushion pads
- RingLocker security system
- Zero-G™ 4-Point adjustable Wheel Grips for two bikes of any size

### Weights:

Three-Quarter Nelson: 45 lbs  
Payload: 70 lbs Per SpinWing  
(35lbs per Bicycle)

Patent Numbers: 8,899.456; D717716; D7177177; D684917; D722289;  
Patents Pending.

# NELSON™

# FULL

2-BIKE CARRIER, EXPANDABLE  
TO FOUR OR SIX BIKES

The Full Nelson truck bed mount transports two bicycles or other multi-sport gear (ie. snowboards, skis, tools) above all domestic pick-up truck beds (i.e. Ford, Chevy, Dodge) with Let's Go Aero's VRack™ technology, leaving the inside of the truck bed fully open for gear and equipment. The Nelson carrier includes one rotating SpinWing™ for easy 360° access to two bicycles and expands to fit four or six bikes with additional accessory SpinWing(s) (sold separately). For security, bicycles lock tightly to the Full Nelson carrier using the all new anti-theft RingLocker™ that locks bikes to the Nelson as well as secure the carrier to the truck bed.

#### Featuring:

- 72in Cross Bar with bed attachments for all non-channel trucks
- 360° rotating SpinWing for transport of two bikes of any size
- Sockets for more bike capacity (accessory required, sold separately)
- Lightweight removable Wings with cushion pads
- RingLocker security system
- Zero-G™ 4-Point adjustable bike Wheel Grips

#### Weights:

Full Nelson: 70 lbs  
Payload: 70 lbs per SpinWing  
(35lbs per Bicycle)

# NELSON™

# SPINWING™

ACCESSORY 2-BIKE CAPACITY  
EXPANSION FOR NELSON CARRIERS

Carry more bicycles on select Nelson models with this SpinWing™ add-on accessory designed to expand the Full Nelson and Three-Quarter Nelson bike capacity for up to six bikes using the carrier's built-in SpinWing sockets. Each SpinWing adds the capacity for two additional bicycles to be carried above the truck bed using Let's Go Aero's VRack™ technology. This Nelson accessory includes a 360° spinner system for easy ground-level bike access and the RingLocker™ security system to lock bikes to the Nelson carrier and separately the Nelson carrier to the truck.

#### Featuring:

- 360° spinner design for easy bicycle access
- Expanded two bike capacity for select Nelson carriers
- Lightweight removable Wings with cushion pads
- RingLocker security system
- Zero-G™ 4-Point adjustable bike Wheel Grips

#### Weights:

SpinWing: 9 lbs  
Payload: 70 lbs per SpinWing  
(35lbs per Bicycle)
