

# GREEN OX<sup>®</sup> PALLET TECHNOLOGY

## Global Beta Testing (Air & Sea)

# AIR FREIGHT: FORTUNE 500 COMPANY

Green OX has worked with this Fortune 500 company since late 2017. The company is a leading provider of medical devices. Following successful internal conveyance, loading and handling tests, Green OX pallets were tested on an international airfreight shipment to China in July 2018.

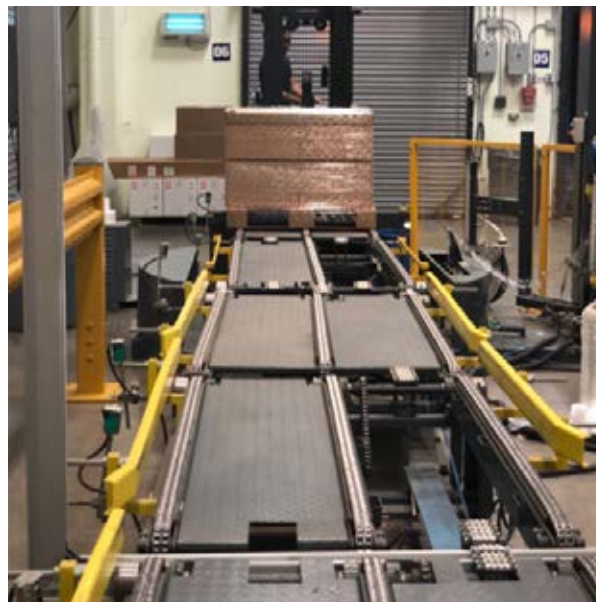

## Shipment Facts:

- ✓ **Transit Time:** 5 days
- ✓ **Post-Transit Actions:** Green OX pallet taken off plane in China, cleared customs, and transported to final destination
- ✓ **Pallet Load:** 770 lb / 350 kg
- ✓ **Testing Date:** July 2018

# AIR FREIGHT: FORTUNE 500 COMPANY

Following palletization, a Green OX pallet was shrink-wrapped through a standard automatic wrapping machine. Thereafter, the loaded pallet was transferred internally on standard conveyance.

# SEA FREIGHT: TROPIFOODS

Tropifoods is a leading exporter of produce. The company has conducted several sea container tests at above-normal load weight and transit time, including one to France and a second to Italy.

## Shipment Facts:

- ✓ **Transit Time:** 21 days
- ✓ **Container Conditions:** 41 °F / 5 °C, 95% humidity
- ✓ **Post-Transit Actions:**
  - France - Pallet unloaded at port, cleared customs, and trucked to Maxi Sec, the end client
  - Italy - Pallet unloaded at port, cleared customs, and trucked to Trago, the end client
- ✓ **Pallet Load:** France - 2,660 lb / 1,207.5 kg
- ✓ **Testing Dates:** France - August 2018 / Italy - June 2018

# SEA FREIGHT: TROPIFOODS

Despite the heavier weight and longer trips, Green OX pallets supported the loads through delivery to clients in France and Italy.
