FOR IMMEDIATE RELEASE
November 14, 2018

Speedtech International, Inc., Manufacturer of SPEEDWRAP® Brand Hook & Loop Fasteners, Joins BICSI.

Speedtech International Inc. joins the Trade Association BICSI, to insure the Company's continued product development, and to help stay current with standards, best practices, and electrical industry trends.

RACINE, WI November 6, 2018

Speedtech International Inc, manufacturers of SPEEDWRAP® Brand fasteners, serves several marketplaces including the Electrical Marketplace. Within this market, the biggest users of Hook & Loop fasteners are Voice, Data and Video Installers.

Recently, using [Hook & Loop](#) Cable Ties and Fasteners in the installation of Fiber Optic Cabling and Low Voltage Wiring has been deemed a 'Best Practice'. Because of their industrial grade construction, shape and design, SPEEDWRAP® Hook & Loop Cable Ties and Fasteners have become a 'go to' cable management solution for Electricians, Installers and Integrators. Their installations include:

- Data Centers
- Rack-to-Jack Horizontal Runs.
- Tele Communications closets
- Construction Sites
- Security Installations
- And much more.

Speedtech's joined the BICSI Membership Roster to stay current with standards and best practices, industry trends and to provide another format where they can meet with these important customers. Steve Pope, Speedtech's Vice President of Marketing explains, "We feel it's important to be close to the *people, places and spaces* where our customers use SPEEDWRAP®. Joining the leading Association in one of our most important industries is just one more way we can achieve that objective."

To help kick off the membership, Speedtech we will be exhibiting at the upcoming Winter Conference, January 20-24th. The [2019 Winter Conference & Exhibition](#) is located at the Gaylord Palms Resort & Convention Center on January 20-24 in Orlando, Florida.

Why the Electrical Marketplace Uses SPEEDWRAP®

Hook and loop fasteners, including SPEEDWRAP® and [VELCRO® Brand hook & loop cable](#) ties, tape and straps are used for routing, bundling and the securing of wires and cables. Hook and loop fasteners are gentle on wires, easy to use and reusable, making them a popular wire management solution- especially for routing fiber and low voltage wiring. For more about SPEEDWRAP® Data Communications Solutions, [visit us online](#).

ABOUT BICSI

BICSI is a global professional association supporting the advancement of the information and communications technology (ICT) community. Their membership spans nearly 100 countries. They provide:

- Education and Training
- Conferences and Events
- Credentials and Certification Programs
- Standards and Best Practices

ABOUT SPEEDTECH INTERNATIONAL, INC.

Founded in 1994, Speedtech International Inc. pioneered the development of cable and wire management featuring hook and loop fasteners. Speedtech offers OEM's, Engineers and Distributors the most complete line of hook and loop ties, straps and cut-to-length tape including both SPEEDWRAP® and [VELCRO® Brand fasteners](#). Speedtech maintains the most complete line of tooling for the fabrication of hook & loop cable ties, straps and fasteners. The company also offers a proprietary method of printing on hook & loop. An industry leader, Speedtech is a growing, customer-oriented company located in Racine, Wisconsin.
