## **TRC Hires Chief Digital Officer to Advance Tech Initiatives**

*Ryan Renner, an expert in cognitive technology, tapped for new role*

**LOWELL, Mass.** – [TRC](#), a leading provider of end-to-end engineering, consulting and construction management solutions fueled by innovative technology, announced today it has hired Ryan Renner to serve in the newly created role of Chief Digital Officer.

Renner will be instrumental in shaping and launching TRC's digitization strategy. He will also spearhead the company's applied technology initiatives, its efforts to create new software solutions for clients and the creation of a new technology services practice.

"Continuing to develop disruptive new solutions and applications that our customers can benefit from is a cornerstone of our growth strategy," said TRC CEO Chris Vincze. "Ryan is a perfect fit for this new role because he understands the dynamic opportunities that exist at the nexus of human intelligence and cognitive technology – and that's exactly where our industry is headed."

Formerly a principal at Deloitte Consulting, Renner served there as the Cognitive Advantage Leader and Strategy & Operations Analytics Leader. He will report directly to Vincze.

"I'm excited to join TRC and help the company build upon its robust foundation of innovative technology," said Renner. "There's already a strong team in place and I can't wait to get to work helping it create new solutions that bring additional value to our clients."

### **About TRC**

A pioneer in groundbreaking scientific and engineering developments since the 1960s, TRC is a global consulting, engineering and construction management firm that provides technology-enabled solutions to the power, oil and gas, environmental and infrastructure markets. We serve a broad range of public and private clients, steering complex projects from concept to completion to help solve the toughest challenges. TRC is ranked #19 on ENR's list of the Top 500 Design Firms in the United States.
