Chromalox Announces New Direct Sales Office in Norway

PITTSBURGH, PA, USA – November 2, 2018 – Chromalox, a leader in advanced thermal technologies, today announced the opening of its new sales and operations office in Norway. “Chromalox continues to expand our presence in the EMEA region with the opening of our new sales office in Norway. This office will support both our Norway and Sweden markets to better serve our customers for both process heating and heat tracing products.” said Thierry Desseignes, President EMEA. The new Norway direct sales office will take on the role as a key centre of excellence for providing technical support and customer service to our direct customers in the Nordic and Baltic regions.

“We are very excited to support the Norway and Sweden markets with a new direct sales office and presence to support our local customers with their electric heating needs.” said Ali Aloosi, Country Head Nordic & Baltic States. “The new sales office with focus on supporting the application needs of our regional customers with local support and the ability to react quickly to their needs.”

The new Norway office is located at:

Vestvollveien 14 A

2019 Skedsmokorset, Norway
