

## phoenixNAP Expands Carrier Connectivity Options with Alluvion Communications

Alluvion Communications becomes one of phoenixNAP's Data Center Carriers

**Phoenix, December 11, 2018** - [PhoenixNAP®](#), a global IT services provider offering security-focused cloud infrastructure, dedicated servers, colocation, and specialized Infrastructure-as-a-Service (IaaS) technology solutions, announced today the addition of Alluvion Communications to its Phoenix data center Meet-Me-Room (MMR). As a new carrier in the building, Alluvion Communications will expand the connectivity options for the data center tenants and customers through its world-class communications network.

Alluvion Communications is a premier provider of bespoke networks engineered to exceed expectations from the ground to the cloud. Alluvion is cloud-connected and enterprise focused. Their robust networks allow for a secure and streamlined data transmission with high connectivity and ultra-low latency. With the presence in phoenixNAP's flagship data center in Phoenix, Arizona, Alluvion Communication strengthens its regional and global footprint.

*"The addition of [Alluvion Communications](#) to our building is another big step in our mission to keep improving local and global connectivity options for our clients and tenants," said phoenixNAP President, Ian McClarty. "We are very excited to provide direct access to Alluvion Communications fiber routes and enable our customers to seamlessly deliver their applications and services to end users."*

With over 30 carriers in its Phoenix data center Meet-Me-Room, phoenixNAP provides distributed connectivity to major domestic and global interconnectivity points. The facility is also the only AWS Direct Connect edge location in the region, enabling direct access to Amazon cloud services. The addition of Alluvion Communications further enhances the building's capacity to meet the growingly diverse connectivity needs.

*"phoenixNAP's Phoenix data center was an obvious choice for our new strategic carrier presence as it hosts the only AWS Direct Connect in Arizona and is one of the best-equipped and most reliable facilities in this part of the US," said David Ackerman, Alluvion Manager, Alluvion Communications. "We are very excited about this collaboration with phoenixNAP and the new opportunities that will arise from our expansion to their Meet-Me-Room."*
