Executive Producer of Evolving Digital Self
podcast, Digital Wellbeing Evangelist

THE DIGITAL ERA IS HERE TO STAY.

According to IDG's 2018 study, **89% of organizations have plans to adopt a digital-first business strategy.** More than ever, relationships and trust are what make businesses thrive.

WHAT IS THE COST TO YOUR ORGANIZATION, AND YOU?

Two-Thirds of the world's 7.6 billion inhabitants now have a mobile phone.

70-90% of Digital Transformations fail, costing organizations millions every year

Increasing health issues related to tech use from chronic pain to sleep deprivation, costing billions each year

The **generation gap for knowledge transfer** seems to be widening causing brain drain, priceless

69% of full-time employees report being distracted at work by personal tech use

AND YET...

Recent studies show **we are not addicted to smartphones, we are addicted to social interaction.**

The **human relationship** with technology from **aversion to addiction** often drives the **digital transformation failure statistics**

Digital health solutions and wellness apps provide opioid free solutions to both tech related health issues and other wellbeing issues

Digital solutions for seniors and youth provide peace of mind and connection for professionals enabling them to focus on their work
