

For Immediate Release**Genetec Names George Moawad as Country Manager for Australia-New Zealand Market**

High Performance Leader and Security Industry Veteran, George Moawad, to Drive Growth in Australia and New Zealand Markets

SYDNEY, 13 December—[Genetec Inc.](#) (“Genetec”), a leading provider of open architecture security and public safety solutions today announced that it has appointed Mr. George Moawad as Country Manager for the Australia-New Zealand (ANZ) market. In his new role, Mr. Moawad will lead Genetec business growth and nurture expanding market opportunities for the company in the region.

Mr. Moawad joined Genetec in May 2018, bringing with him over 22 years of experience in the security industry. As the Regional Sales Manager for the ANZ market, he helped drive sales across the region, resulting in exponential YoY growth. Prior to this, Mr. Moawad served as Vendor Business Manager and General Manager Northern Region for Hills Limited, the exclusive value added distributor for Genetec. In these roles, he was responsible for the Genetec portfolio for the ANZ region, allowing him to gain valuable knowledge about the regions’ unique security needs.

“The security market in Australia and New Zealand continues to grow at an exponential rate, and as Genetec deploys more resources to expand our footprint across the region, it is an exciting time to lead the Australia-New Zealand team,” said George Moawad, Country Manager for Genetec in ANZ. “Alongside Hills Limited, I am excited to continue to bring innovative, unified physical security solutions to our customers across the region.”

“We are pleased to appoint George Moawad as Country Manager for Australia-New Zealand. His work with Hills and Genetec has been instrumental to existing sales growth and places him in the right position to tap into growing market opportunities,” said Daniel Lee, Managing Director for APAC. “He is a high performing leader who embodies the skills, dedication and innovative spirit that has made Genetec

successful and that will continue to drive forward our ambitious growth plan for the region,” added Lee.

About Genetec

Genetec Inc. is an innovative technology company with a broad solutions portfolio that encompasses security, intelligence, and operations. The company’s flagship product, Security Center, is an open-architecture platform that unifies IP-based video surveillance, access control, automatic license plate recognition (ALPR), communications, and analytics. Genetec also develops cloud-based solutions and services designed to improve security, and contribute new levels of operational intelligence for governments, enterprises, transport, and the communities in which we live. Founded in 1997, and headquartered in Montreal, Canada, Genetec serves its global customers via an extensive network of resellers, integrators, certified channel partners, and consultants in over 80 countries.
