

After many months of preparation, the providers and staff at San Tan Allergy & Asthma have opened a new clinic in Phoenix, [Arcadia Allergy & Asthma](#). Our new allergy and asthma clinic is conveniently located in the heart of Arcadia on east Indian School Road, making it a great one stop destination for all of your immunological and respiratory medical care needs.

In our new [allergy and asthma clinic](#), we work hard to provide the best care for patients who are burdened by a variety of allergic and immune conditions, using the most efficient and state of the art technology and treatment options to help give our patients the relief they deserve.

Some of the conditions our doctors treat at Arcadia Allergy & Asthma include asthma, atopic dermatitis, food allergies, allergic rhinitis (hay-fever), hives, and immune deficiency syndromes. Our allergy and immunology doctors work hard to cultivate a patient-centered approach, managing each person with a unique, tailored plan to treat each person's specific condition or symptoms.

Testing services are also a large part of what the allergy doctors at [Arcadia Allergy & Asthma](#) provide. Some of our testing services include food allergy testing, environmental allergy testing, insect, and drug allergy testing along with lung function testing and patch testing. Our top priority at Arcadia Allergy & Asthma is to provide each and every patient with the most thorough and efficient diagnosis and treatment in the Valley.

At Arcadia Allergy & Asthma, we utilize an evidence based approach and provide the most up to date, cutting edge technology to ensure that we can help our patients to the best of our ability, from diagnosis to treatment. Just as they provide the best care at [San Tan Allergy & Asthma](#), our [allergy and immunology doctors](#), Dr. Jain and Dr. Hill will offer the same top-rated care at Arcadia Allergy & Asthma.

As a [local allergy and asthma clinic in Arcadia](#), we will work to build a strong, friendly community that ensures that the patient comes first every time. We will always offer the highest quality asthma and allergy treatment, testing and diagnosis for our patients.

Dr. Jain and Dr. Hill are currently accepting new pediatric and adult patients at Arcadia Allergy & Asthma for diagnosis and treatment of respiratory and immunological conditions.
