

Perio Health Professionals Deepens Expertise in Periodontics with Dr. Andrew Rossi

Perio Health Professionals (PHP) is pleased to announce the addition of Andrew Rossi, D.D.S, M.S.D., to its practice. Dr. Rossi will bolster PHP's regional, national, and international reputation in periodontics, oral health and wellness.

Dr. Rossi trained in periodontics at The University of Texas Health Science Center at Houston School of Dentistry, receiving his Master of Dental Science in Periodontics and completing a one-year fellowship from the International Congress of Oral Implantologists. Dr. Rossi also completed his Doctor of Dental Surgery at the University of Texas Dental Branch at Houston. A native Houstonian, Dr. Rossi graduated from St. Thomas High School and received baccalaureates in biology and theology from the University of St. Thomas.

Dr. Rossi, who has been practicing periodontics since 2014, joins PHP from Periodontal and Implant Surgeons of Houston, where he has practiced for five years.

"We and our staff are excited to welcome such a highly qualified periodontal surgeon to our practice," said Drs. McGuire and Scheyer, owners of Perio Health Professionals. "Dr. Rossi's skills, abilities, and passion will bolster our practice's expertise, reputation, and excellence. He will play a pivotal part in our relentless pursuit of providing the best care for oral health and wellness."

"Since growing up, being educated, and working all of my professional life in Houston, I have always known about Perio Health Professionals," said Dr. Rossi. "I feel honored to be a part of the premier periodontal office in the United States. I will strive to emulate the example of excellence for my patients that has been set by Drs. McGuire and Scheyer."

Dr. Rossi, who is a part-time dental professor at his alma mater, is passionate and enthusiastic about dentistry in general and periodontics in particular. In addition to enjoying the profession, he relishes opportunities to spend time with his family, to travel, to learn other cultures, and to participate in outdoor activities.

About Perio Health Professionals

Perio Health Professionals has served the Houston community as specialists in oral health and wellness since 1979. Staffed with renowned and acclaimed periodontists, the team at Perio Health Professionals offers Oral Plastic and Reconstructive Solutions™ and Smile Engineering™ to treat gum disease, replace missing teeth, and aesthetically enhance your smile.
