## **Envirosight Signs Jet Vac Equipment as Sales Partner for New Jersey and Delaware.**

Randolph, NJ—January 10, 2019— Envirosight, the market leader in underground infrastructure inspection solutions, has partnered with Jet Vac Equipment to provide more extensive sales and service coverage across New Jersey and Delaware. Jet Vac will work in conjunction with long-time Envirosight New Jersey direct sales manager Bruce Kosensky to maintain continuity with existing accounts and develop new ones.

The new partnership with Jet Vac underscores Envirosight's commitment to the sales partner model. "We've always believed regional sales and service partners are better able to connect with new opportunities and support existing customers' training and service needs," says Mike Vislay, Envirosight director of sales. "New Jersey is our backyard, and we've been able to serve it directly for many years, thanks entirely to Bruce's talents. Even so, we've always believed the sales partner model is essential for long-term growth and support, and Jet Vac is a natural fit. Bruce's enthusiasm to work with the Jet Vac team made it a no-brainer."

"We've watched what Envirosight has been able to accomplish here in New Jersey and in the broader sewer inspection market," says Adam Emusov, Vice President of Sales at Jet Vac. "We're excited to join the team and to be part of the next chapter of growth."

#### **About Envirosight LLC**

Randolph, New Jersey-based Envirosight, LLC provides sewer cameras and other pipeline inspection solutions to municipalities, contractors, departments of transportation, and civil/environmental engineers. Envirosight is a full-service manufacturer of robotic sewer inspection crawlers, zoom cameras, push cameras, inspection reporting and asset management software, and inspection vehicles. Envirosight is committed to ongoing innovation, delivering products that enhance user productivity and inspection detail. Envirosight serves customers through a trained network of regional sales partners who deliver localized support and expertise with rapid turnaround. All Envirosight technical employees hold NASSCO PACP certification. Visit Envirosight online at [www.envirosight.com](http://www.envirosight.com)
