

**For Immediate Release****Genetec announces new Regional Sales Manager for Hong Kong, Macau & Mongolia*****Timothy Kuk joins Genetec team in key sales position***

Hong Kong, January 17, 2019 - [Genetec Inc.](#) (“Genetec”), a leading technology provider of unified security, public safety, operations, and business intelligence solutions today announced that it has appointed Mr. Timothy Kuk as Regional Sales Manager for Hong Kong, Macau and Mongolia. In this role Mr. Kuk will focus on driving new business and working with Genetec channel partners to increase market penetration and revenues in support of the company’s accelerating sales growth in Asia Pacific (APAC).

“We are delighted to add Mr. Kuk to our team. Timothy possesses excellent sales and business development expertise that is essential to supporting our increasing footprint and customer base in the region,” said Daniel Lee, Managing Director for APAC. “Timothy brings great energy and experience to our growing local team in Hong Kong, Macau and Mongolia and to the overall sales organization,” added Mr. Lee.

Mr. Kuk has 10 years of experience managing regional sales programs and experience in distribution, product management, and system consultation. Before joining Genetec, Timothy served in sales and account management roles for Vitec Imaging Distribution HK Ltd, a leading provider of branded photographic products and solutions, and Armada International HK Ltd, a value-added distributor of ELV solutions.

“I am excited to join the Genetec team and be a key contributor to driving its success in Hong Kong, Macau and Mongolia,” said Timothy Kuk. “I am eager to leverage my sales expansion experience and the innovative Genetec product portfolio to take advantage of the great opportunity for growth in the region.”

## About Genetec

Genetec Inc. is an innovative technology company with a broad solutions portfolio that encompasses security, intelligence, and operations. The company's flagship product, Security Center, is an open-architecture platform that unifies IP-based video surveillance, access control, automatic license plate recognition (ALPR), communications, and analytics. Genetec also develops cloud-based solutions and services designed to improve security, and contribute new levels of operational intelligence for governments, enterprises, transport, and the communities in which we live. Founded in 1997, and headquartered in Montreal, Canada, Genetec serves its global customers via an extensive network of resellers, integrators, certified channel partners, and consultants in over 80 countries.
