MONTREAL, 31 January, 2019—[Genetec Inc.](#) (“Genetec”), a leading technology provider of unified security, public safety, operations, and business intelligence solutions, today announced that it has once again been named as a [top employer in Montreal](#) by the editors of Mediacorp Canada Inc.

Organized by the editors of Canada’s Top 100 Employers, this annual competition recognizes employers in Greater Montréal that lead their industries in offering exceptional places to work. Employers are evaluated using the following criteria: physical workplace, work and social atmosphere, health, financial and family benefits, vacation and time off, employee communications, performance management, training and skills development, and community involvement. Each employer is compared to other organizations in their field to determine which offer the most progressive and forward-thinking programs.

Genetec employees benefit from many advantages, such as an attractive employee referral program, training and personal development programs, generous vacation and time off, and comprehensive group insurance coverage. Additionally, other perks such as free coffee and fresh fruit, a fully equipped games room, and an on-site bistro offering at-cost meals, are offered to employees.

“We are honoured to have been named as a top employer in Montreal for 13 consecutive years,” said Richard Paillière, Vice-President of Human Resources & Talent Management for Genetec. “Receiving this recognition validates our

commitment to giving each employee a feeling of pride and job satisfaction. We strive to provide a work environment that encourages creativity, problem solving, and teamwork, and are proud to be able to continue to do so as our company rapidly grows,” added Paillière.

The 21-year old company has offices around the globe, with its worldwide headquarters located in the [Technoparc Montréal](#), which has been an address of choice for innovative companies in Montreal since 1987.
