into UCR Board & FMCSA's Failure to Address Tax ID Mismatch  
Problem Blocking Carriers from Complying with 2019 UCR

Madam Secretary,

Given this week's attached Federal Court Ruling finding the UCR Board had violated the Sunshine Act for more than a decade --and the shenanigans described below, the SBTC hereby respectfully requests that you direct the FMCSA Administrator to **remove and replace** the current UCR Board members in the interest of good government, public integrity, and trust.

As per the link below, please be advised that we are taking these matters before every member of Congress today.

Sincerely,

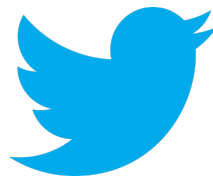

/s/James Lamb  
SBTC President
