Arlington's Largest Coworking Space, NuvoDesk, Set to Launch April 2019

*Arlington startups and entrepreneurs will have leading-edge office space
available this spring*

ARLINGTON, TEXAS, FEBRUARY 14, 2019 - The team at NuvoDesk is pleased to announce that they will officially open in April 2019, bringing to life Arlington's biggest and boldest co-working space to date.

NuvoDesk will feature a massive 20,000 square foot facility brimming with rich amenities such as lightning fast wi-fi; receptionist services to cater to admin duties for guests; a hub where guests can have their own physical business address; a cafe whose menu boasts gluten-free items, beer, and wine; printing and copying; an elite Trackman Golf Simulator Room; a video and photo booth; and more.

The NuvoDesk facility is located at 2909 E. Arkansas Lane in Arlington, just a short distance from Cowboy Stadium, Globe Life Park, Texas Live, General Motors, UTA, and Epic Waters. NuvoDesk is near outlying cities, including Mansfield and Grand Prairie, making it easy for guests from nearby areas to take advantage of everything NuvoDesk has to offer.

For many entrepreneurs and startups, having an office is a necessity, but the cost of a dedicated office can be too much of a burden. NuvoDesk offers affordable office space in numerous designs suited to the needs of guests. As part of their membership, guests get the unique opportunity to meet other professionals in their area, network, and collaborate.

NuvoDesk offers meeting rooms and conference rooms where guests and their clients can hold quiet meetings and negotiations.

At NuvoDesk, guests get to choose their “virtual office” based on the package that suits them best. For example, the Shared Desk Membership is \$189 per month and lets guests come sit at a non-assigned workspace to make calls and get to work, plus the perks of membership. At \$299 per month, the Dedicated Desk Membership gives guests their very own dedicated desk space and all of the perks that come with a NuvoDesk membership.

There’s even a standalone virtual mailbox package that includes basic mail receiving and forwarding services for \$40 per month.

For professionals who need a workspace just for a day, NuvoDesk offers \$19.95 day passes.

NuvoDesk also offers another special advantage that other co-working spaces don’t: the NuvoDesk Investment Panel. Backed by a team of interested investors, this panel reviews business ideas within the NuvoDesk community of guests for possible funding.
