

Specializing in Cloud, On-Premise & Hybrid Solutions

Since 2001, ATS has positioned itself as a recognized leader and trusted advisor for businesses who are serious about digital transformation. We support customers by providing expert services centered on the complexities of the next-generation data center. With over 75 industry-certified professionals, we support a wide range of industries including SMBs, Fortune 500 enterprises, government agencies, and educational institutions. As experts in today's prominent technologies, we focus on evolving technologies that operate mission-critical systems on premise, in the Cloud, or in a hybrid environment.

SERVER AND STORAGE INTEGRATION

Supporting multiple hardware platforms including IBM, Cisco, Dell/EMC, HP, and more

DEVOPS CONSULTING AND SERVICES

End-to-end consulting services to help customers optimize the benefits of Cloud

EXPERTLY MANAGED SERVICES

Proactive management for customer infrastructure, on premise or in the Cloud

DATA ANALYTICS & BUSINESS INTELLIGENCE

Optimizing customer resources through data visualization and proactive insights

Unparalleled Focus on Your Requirements

At ATS, we are passionate about our customer’s success. Since we do not rely on product sales, maintenance fees, or referrals, we remain flexible, independent, and objective to ensure you’re investing in the right IT solutions for your business.

UNBIASED

ATS is a services company that works closely with multiple technologies and partners, rather than focusing on a select few. This gives us the distinct advantage of offering the best, unbiased solution for your initiatives.

CERTIFIED

ATS employees are passionate about their work and strive to be on the leading edge of technology. Part of this focus involves obtaining and maintaining a certification portfolio aligned with the most prominent technologies in the industry.

LOCAL

Based in the western suburbs of Philadelphia, ATS maintains a personal touch with customers by strategically placing resources within just a few hours of many key locations in Pennsylvania, Delaware, and New Jersey.

TRUSTED

With close to 20 years in business, ATS has become the trusted advisor to nearly 500 customers in multiple industries. We have built our reputation around honesty, integrity, and technical expertise that is unmatched by our competition.
