

CIJ Holdings, Inc. Launches Cannabis Investment Vehicle

CIJ Holdings engages legal Cannabis markets to provide diversified investment portfolio

Wilmington, NC – February 13th 2019 – CIJ Holdings, Inc. opens corporate headquarters in North Carolina to establish a Cannabis investment vehicle for legal Cannabis markets in North America. CIJ will partner with emerging and established businesses to provide a secure platform for individuals and entities looking for a more traditional pathway to invest in the Cannabis industry.

“Our goal is to build investment strategies for our clients that mirror conventional investments based on what is currently legal and utilize risk mitigation techniques to steer our success long term.” said Matthew Dula, CEO of CIJ Holdings, Inc. “North Carolina is a hotbed for Cannabis, specifically industrial hemp, and we are ensuring the growth of the industry by investing in strategic partners to generate long term returns.”

CIJ Holdings, Inc. will be looking to partner with companies in the cultivation, retail, manufacturing, processing, medical and ancillary sectors of the Cannabis industry to provide long term industry creation and sustainability of Cannabis within North Carolina and the surrounding states. Companies that are compliance focused, value driven, with a people first mentality should contact CIJ Holdings to learn more about partnership opportunities.
