*Additions include a beach view pool oasis and bar, plus two new restaurants and more!*

ST. MAARTEN – [Divi Little Bay Beach Resort](#) on St. Maarten is making a splash with the grand opening of its brand new pureocean Pool & Bar, an expansive oasis with multiple pools that spill into one another overlooking stunning ocean view, and the completion of all resort upgrades.

“There’s something for everyone at the new pureocean Pool & Bar,” said Marco Galaverna, Divi Resorts President & COO. “Plenty of pools for the kids to play, a swim-up bar for mom and dad to sip on a much-needed cocktail, a hot tub for those wishing to unwind after a long day of island adventures and a fire pit to gather around while watching the sunset.”

Named one of “[The best pools in the Caribbean, 2019 edition](#)” by [USA Today](#), this stunning new focal point features soothing waterfalls, a central fire pit, a lively swim-up bar, a large hot tub, comfortable cabanas and seating on several terraces.

“Our new pool area is like nothing you’ve ever seen before. It’s truly a spectacular spot to soak up the sun and enjoy the terrific turquoise sea in the background,” said Anne-Marie, Divi Little Bay Beach Resort’s General Manager. “Plus, in the evening, the pools illuminate in a magnificent display of color, making it the perfect place to relax day or night.”

The resort also recently opened two brand new restaurants, pureroc, a unique dining experience featuring an incredible selection of meats, seafood and veggies cooked to perfection on a steaming hot lava rock, and The Shack, a grab and go eatery serving up delicious Caribbean jerk, roti, BBQ and more, as well as completing upgrades to the resort’s signature [pureocean Restaurant](#), which now features a refreshed modern look with sleek furniture and contemporary décor, expanded indoor seating and completely revamped menus full of delicious classics and tasty island favorites.
