Emergency Nursing Specialty Certifications

100%

Commitment to Quality, Service and Excellence

9,857

Respondents to BCEN's First Large-Scale Study

Four Decades of Leadership

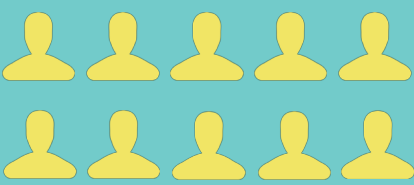

**FOUNDED
IN 1980**

BCEN has been certifying emergency nurses since we introduced the CEN® in 1980. Today, we offer 5 specialty certifications including the CPEN®, CFRN®, CTRN® and TCRN®.

>50,000

BCEN certifications held by adult and pediatric emergency, transport and trauma RNs.

BCEN Research

Over 8,800 RNs and 1,000 supervisors responded to BCEN's Value of CEN® Certification Research Study.

The CEN® is the most widely held, sought after board certification for emergency RNs.

BCEN Awards & Scholarships

Annual Distinguished CEN, CPEN, CFRN/CTRN and TCRN Awards

Annual National Certification Champion Awards (Small Facility, Large Facility, and Health System)

\$175K in Annual Scholarships

What Nurses Say about being CEN-certified:

90%

Feeling of accomplishment and pride

80%

Having the knowledge I need on the job

Greater career success and satisfaction

Why Supervisors Value the CEN:

95%

The CEN® is valuable to the emergency nursing profession

92%

It's important to have CEN®-certified nurses in my organization

93%

It's important for nurses to maintain their CEN® over time by getting recertified

National board certification is the nursing profession's highest professional credential. BCEN develops robust certification exams fostering empowered nurses across the emergency spectrum who contribute noticeably to patient care, safety and outcomes.
