

StaffAlert™ voice-activated assistance request solution

A simple, hands-free solution to allow your seniors to alert your on-duty staff using any Amazon Alexa-enabled device

Your primary responsibility is the well-being and safety of your seniors. It's vital to provide the ability for your seniors to readily notify your staff when they need assistance. But the fact is, there are times when seniors can't always readily locate or reach their call buttons.

Now, with VoiceFriend's StaffAlert solution, your seniors need only say "Alexa, tell StaffAlert" to their Amazon Alexa-enabled device to notify your on-duty staff of their need for assistance.

- Allows seniors to notify on-duty staff of their need for assistance through voice-activated technology
- Provides an added layer of safety and protection for your seniors (and peace of mind for their families)
- Works with any Amazon Alexa-enabled device
- Responds to a variety of common phrases for the request for assistance
- Integrated into the VoiceFriend solution (no additional fees!)

VoiceFriend

Greater safety, convenience and peace of mind—using proven Amazon Alexa voice activation technology

StaffAlert leverages well-proven Amazon Alexa voice activation technology to allow your seniors to conveniently and quickly request assistance from your on-duty staff. StaffAlert is designed to work with any Amazon Alexa-enabled device.

An additional layer of protection for your seniors

StaffAlert isn't a replacement for your emergency alert system. It augments your **current system** with a hands-free option, providing an additional layer of protection and peace of mind for your seniors and their families.

Strengthens your support for the impaired

For those seniors with mobility, dexterity, sight or other impairments, the ability to alert your on-duty staff with just a simple voice command can make a huge difference in their quality of life, safety and overall satisfaction.

No additional cost

Best yet, StaffAlert is fully-integrated into the VoiceFriend Automated Notification Solution—so there's no additional fees for its use. VoiceFriend customers can simply contact their VoiceFriend support contact for assistance with getting started.

A powerful marketing tool, too!

By including a demonstration of VoiceFriend's simple—yet powerful—StaffAlert voice-activated solution on your community tours, prospects and family members will see how your community has a superior commitment to the responsiveness of your staff, to the safety and comfort of your residents, and to the peace of mind of their families.
