

MSI WINS AWARD FOR BUSINESS TRAVEL MANAGEMENT AND ACCOLADES FOR RELOCATION MANAGEMENT

June 10th 2019 – MSI is delighted to announce that two of its operating divisions have won accolades from the Forum for Expatriate Management.

MSI, which provides global transformation management consulting solutions, won the top EMMA award for Business Travel Management and was highly commended in the EMMAs category for Relocation Management Company of the Year. These follow previous EMMA awards as well as a recent award from Relocate magazine for Best Relocation Management Company. For the past several years, MSI has also achieved consistently high rankings for relocation in HRO Today magazine's Baker's Dozen.

“MSI’s business travel and relocation divisions are vitally important components of our global transformation solutions portfolio,” said president Eric Egné. *“Through this portfolio, MSI helps organizations align their transformation strategies with their business expansion and growth objectives to ensure that the overarching corporate mission is achieved and that they experience continued success.”*

MSI’s Business Traveler Compliance (BTC) division advises and consults with companies on business traveler risk in the areas of tax, immigration, and employee security/duty of care. The BTC division leverages sophisticated technology and professional expertise to provide tailored solutions that reflect each client’s unique needs, based on their global activities and risk tolerance.

“MSI’s Business Traveler Compliance Management’s success in winning this award can be attributed to a number of factors,” noted Egné. *“This includes its strong advisory and consulting focus, and the steps taken to ensure that clients are informed, educated, and consistently made aware of the risks and opportunities inherent in managing global business travelers worldwide.”*

MSI’s Global Relocation division is a leading provider of relocation and Global Mobility Transformation® solutions to organizations worldwide. MSI has a diverse portfolio of services designed to help companies effectively and strategically meet their mobilization needs.

“Following our 2018 win at the Relocate awards, and our successive wins in HRO Today’s Baker’s Dozen, our consistent success in meeting and exceeding client expectations continues to be recognized in the marketplace, said Laurie Allen, vice president, worldwide operations, Global Mobility. “I would like to express our sincere gratitude to our valued clients for their overwhelming support, and also pay tribute to the MSI Relocation team members and our supplier partners worldwide.”

###
