MyTana Hires New General Manager

Brent Hill seeks to drive growth, innovation in his new role.

ST. PAUL, MN—July 11, 2019—MyTana, a manufacturer and distributor of cleaning, maintenance and inspection tools for the plumber and drain cleaning markets, has hired Brent Hill as general manager. In this role, Hill will pursue sustainable growth through increased sales and enhanced product development. Optimizing operations to support business growth goals while building upon existing partnerships is a key priority.

Hill brings with him a wealth of experience in production management, facility management and sales. Prior to joining MyTana, Hill served as a Sales Engineer for Corval Group, providing program management, construction project oversight and maintenance/service solutions. Hill previously spent 13 years as a plant manager for Arctic Glacier Premium Ice. He graduated from Coe College with a BA in business administration and management.

“I’m excited to join an organization with a solid family culture,” says Hill. “I love to see a dedicated workforce that takes pride in its products, and I will build upon that commitment to make MyTana a leader in the industry.”

“We are excited to bring on Brent Hill as the new general manager,” says Rob Lindner, Chief Operations Officer for EnviroSight, MyTana’s parent company. “MyTana has always had an inventive, resourceful, customer-oriented culture, and Brent will leverage that to deliver an enhanced product offering and growth in market share.”

About MyTana Manufacturing

St. Paul, Minnesota-based MyTana is a full-service manufacturer of drain cleaning and inspection equipment, including cable machines, drain jettors and plumber cameras. The company also offers cables, blades, nozzles and other accessories for plumbers and drain cleaners. By selling direct, MyTana is able to maintain competitive pricing while offering a high level of personalized service and support. All MyTana equipment is factory-direct and American made.
