

News release

Power of the Past, Growth of the Future - BigHand shares plans for an action-packed ILTACON 2019

Date: August 2019

From August 18 – 22, leading legal productivity software partner, BigHand, will be at ILTACON in Orlando, FL, helping firms to leverage the power of the past to drive future growth. With business reviews, discovery meetings and product demonstrations, the BigHand team will be helping attendees to optimize their support teams, plan and price more competitively, access financial and matter profitability data in real-time and enable the “smart lawyer” within their firms. For those in Operations, Finance, IT, HR or legal support services roles; stop by BigHand booth #300 to collect a special “Insight Pack” including key industry challenges and quick wins from market-leading law firms.

Ahead of the show, BigHand is encouraging attendees to reserve their personal meetings with BigHand’s technology specialists who will be offering guidance on driving operational excellence through fact-based decision making, inspired by real-time data. The BigHand team will also be offering live demonstrations of all solutions, including their new proposal automation tool, BigHand PitchPoint, following the company’s acquisition of Iphelion earlier this month.

BigHand invites ILTA guests to visit booth #300 for martinis, shaken not stirred, during a special 007-themed opening event on Monday, Aug 19 from 7pm. Attendees are also invited to BigHand’s happy hour for drinks, live music and networking in Disney Swan’s Crescent Terrance on Tuesday, Aug 20 between 5 - 7pm.

Eric Wangler, President of BigHand North America comments, “Our mission is to be the industry’s most supportive technology partner when it comes to helping firms make the transition from the “practice of law” to the “business of law” and utilizing more business-oriented ways of working.

We’re looking forward to returning to ILTACON this year to share our full solution offering, addressing a range of law firm objectives from gaining stronger business insights and making more informed financial decisions, to enhancing back-office operations and optimizing legal support services. We’re also excited to showcase our brand-new proposal automation solution, BigHand PitchPoint, which builds upon our existing document creation software to enable clients to generate great-looking, fully compliant legal documents with even greater efficiency.”

For more information on all of BigHand’s events at ILTACON 2019, including business review, discovery meetings and BigHand’s happy hour, and to RSVP, please visit www.BigHandatILTA.com
