

ABOUT US

Advanced Center for Spine, Scoliosis and Minimally Invasive Surgery

With all four of our locations in the Tampa Bay area, Dr. Joseph has assembled a comprehensive team of highly skilled spine specialists that are devoted to offering the highest level of spine care available today. He has also strategically partnered with some of the most innovative leaders in the spine care industry today in order to bring our patients the latest in technology, products and resources.

From state-of-the-art technology, to alternate therapies and interventional pain management treatments our industry leading spine care practice offers our patients a comprehensive, multidisciplinary approach to diagnosis, treatment and rehabilitation of spinal conditions. Our highly-trained surgeons offer an integrated approach to patients that includes surgical and non-surgical options such as pain management and physical therapy.

Our patients come to us in pain and we use our expertise in diagnosis, education, and treatment to help move them forward to improved spine function and health. - Dr. Samuel Joseph, founder.

Patient-Focused Care Joseph Spine Institute

At Joseph Spine, we know that each patient's circumstance is unique and it is important to evaluate each individual with that in mind. Personalized attention, open communication, and collaboration is the cornerstone to achieving a customized spine treatment plan designed for optimal results for each patient. **Non-surgical spine procedures** are always explored to relieve back pain and correct disorders. However, when non-surgical options don't prove effective, our highly skilled spine surgeons are capable of a **full range of surgical treatments**, ranging from **minimally invasive outpatient procedures to complex deformity correction procedures and revision surgeries.**

WHY CHOOSE US?

- ✔ We believe in a multifaceted approach to the diagnoses and treatment of spinal conditions
- ✔ Dedicated to improving patient recovery time, offering personalized care, and customized medical devices
- ✔ We offer the newest technology, ground breaking treatment, and utilize cost effective resources
- ✔ Comprised of a highly skilled staff dedicated to deliver the highest level of spine care available

A COMPREHENSIVE TEAM OF SPINE SPECIALISTS

We work together as colleagues and are engaged with other pioneers of spine medicine in order to maximize optimal patient outcomes.

OUR TEAM

Dr. Joseph has been practicing in the Tampa Bay area for over 10 years and is the founder of Joseph Spine Institute. He is dedicated to pioneering minimally invasive, outpatient spine surgical techniques along with complex scoliosis and revision surgery. He is also the team spine surgeon for the Tampa Bay Buccaneers.

Samuel A. Joseph Jr., M.D.

Board Certified Orthopaedic Surgeon (ABOS)
Tampa • Safety Harbor

Dr. Moulton began his career in New York, practicing as a spine surgeon and as faculty for the New York Medical College, before coming to Florida. He is the founder of the Butterfly Foundation, a nonprofit focused on teaching and performing scoliosis surgery for children in developing countries. He specializes in all aspects of spine surgery, from minimally invasive to complex cases.

Andrew Moulton, M.D.

Board Certified Orthopaedic Surgeon (ABOS)
St. Petersburg • Safety Harbor

Dr. Chatterjee is a fellowship-trained Interventional Pain, Spine and Sports Medicine physician. He specializes in diagnosing and treating acute and chronic pain syndromes through a variety of techniques. His goal is to quickly relieve pain and restore function to his patients.

Ron Chatterjee, M.D.

Interventional Pain & Spine Physician
Tampa • Brandon • Safety Harbor

Dr. Nguyen received his training in neurosurgery in a highly sought after residency program at Beaumont Health in Detroit. Afterwards he pursued a fellowship in orthopaedic spine surgery at the Oregon Health and Science University. He brings a unique set of spine-focused clinical acumen to Joseph Spine Institute.

Thuy M. Nguyen, D.O.

Fellowship-Trained Neurosurgeon
Brandon • Tampa

Brian pursued a Master's in Medical Science in Physician Assistant Studies at NOVA Southeastern. Brian was a professional surgical PA for 3 years before he joined Joseph Spine Institute. He believes that establishing trusting relationships with patients is a priority, that it is a key component to the best medical outcome for our patients.

Brian Hamilton PA-C

Physician's Assistant

Morgan pursued a Masters In Science in the PA Program at South University Tampa. During PA school, Morgan gained experience in two surgical specialties, general and orthopaedic surgery. She continues to pursue her passion of serving patients in the clinic and assisting in the operating room.

Morgan Rial PA-C

Physician's Assistant
