

## iPatientCare NUCON 2019 Early Bird Registration ends on September 2, 2019

**NUCON 2019 is a great user engagement event for education, exhibition and entertainment. If you are planning to attend NUCON 2019, register now to avail early bird discounts before they expire.**

**Cincinnati, OH**, August 28, 2019 - iPatientCare, a pioneer in **cloud-based ambulatory EHR** and revenue cycle management services, announced today the welcome reception and gala dinner at the Jack's Casino, Cincinnati, inviting all its users to join the fun and networking that typically takes place at its annual event.

**National User Conference (NUCON) 2019** will be held on October 18 -19 at **Queen City Club, Cincinnati**. The annual conference features informative sessions about upcoming enhancements, user's wish-lists based discussion sessions, hands-on demos with iPatientCare experts and exhibition showcasing the leading-edge technologies.

Over a period of 2 days, the attendees will be addressed by the experts, who will highlight the evolution of iPatientCare EHR, PMS and RCM services and how it helps the providers to prepare for the new era of healthcare. The educational sessions will offer enlightening insights into recent innovations, created by the innovative team of iPatientCare engineers and professionals before launching them in the market in early 2020. Everyone from physicians, physician assistants, nurse practitioners, nurses, practice administrators to billing personnel, CIO/CTO/IT executives, and other healthcare professionals can avail this opportunity of participating in this "complimentary piloting". These innovations will be made available to NUCON attendees at special offers.

Attendees of past NUCON have expressed their excitements and satisfaction with this annual event enthusiastically. Ashley Browns, Project Manager, Kids Care Pediatrics said, "Attending iPatientCare NUCONs has been truly delightful experiences to remember! It is great to meet so many iPatientCare users and iPatientCare executives at the same place. We enjoy chatting about our experiences of working with iPatientCare over past more than 12 years. NUCONs are held at great locations at different cities every year giving us an opportunity to enjoy local food and shopping etc. Looking forward to NUCON 2019 at Cincy."

"Well, let me remind those of our valued customers who have not yet registered that the early bird registration ends on September 2, 2019. Act fast and avail the deep discounts before they expire!" said **Jeffrey Topfer** and **Rajesh Mandaviya**, Coordinators, NUCON 2019 Organizing Committee.

### **About iPatientCare**

iPatientCare is a full suite of innovative healthcare products and value-added services that help physician offices, rural health clinics, and community/federally qualified health centers (CHC/FQHC) nationwide in improving the health of their patients, enhancing patient care through care management/coordination/analytics, and reducing costs of care delivery.

The awards-winning EHR, integrated practice solutions and value-added services, such as, the revenue cycle enhancement and quality improvement consulting, provide everything you need to control your practice operations, increase revenues, and provide better patient care.

iPatientCare helps healthcare providers to dramatically reduce A/R days and improve collections rates, reduce billing costs, eliminate the burden of repeatable, high volume work on their internal teams, and plug gaps in staffing and internal bandwidth. The revenue cycle teams are comprised of senior executives with extensive experience in clinically-driven revenue cycle management systems including certified billers and coders with managerial capabilities to facilitate client interactions, escalations and SLA.

The iPatientCare EHR 18.0, has received 2015 Edition ONC Health IT certification by Drummond Group, an Office of the National Coordinator-Authorized Certification Body (ONC-ACB), in accordance with the applicable eligible professional certification criteria adopted by the Secretary of Health and Human Services (HHS). Full certification details can be found at the [ONC Certified Health IT Product List](#).

As part of its MACRA-ready solutions, iPatientCare has been recognized as a qualified MACRA-MIPS registry by CMS, and has a distinguished credit of being selected as a preferred EHR and medical billing software by more than 70,000 users nationwide, numerous hospitals/health systems, federally funded regional extension centers, and in the past by the US Army and NASA Space Medicine.
