

CARI

3-in-1 Phone Wallet with a Card Holder, Mobile Stand, and Strap

3-in-1 Mobile Accessory

CARI is the ultimate multipurpose phone accessory that acts as a mobile stand, finger strap, and card holder. CARI combines three types of convenience into one slim, minimalistic, lightweight phone accessory that will simplify your daily routine. Just peel the back adhesive off of CARI and place it on the rear of your mobile phone or case, and it's ready to use.

The Strap

This product comes in a variety of stylish color combinations, with a color accented stripe running down the center, which doubles as a retractable strap. The strap creates a space for you to rest your finger, allowing you to comfortably and securely hold your phone with one hand.

The Stand

Not only does the strap allow you to safely grip your phone, but it can also be used as a non-slip mobile stand. Rest your phone on its side with the support of this durable stand to enjoy hands-free viewing.

The Card Holder

CARI lets you travel light, with its compact card-carrying feature. Bring your 3 essential cards wherever you go, eliminating the added bulk of a wallet or purse. The holder tightly stores your cards, without having to worry about your items falling out. Whenever you're ready to access the cards, just pull the finger strap for easy access to the bottom of the holder. Simply push the cards up to easily glide them out for your use.
