

## iPatientCare National User Conference 2019 welcomes CoverMyMeds as a Gold Level Sponsor and Exhibitor in Cincinnati on October 18 – 19, 2019

**Cincinnati, OH**, October 2, 2019 - iPatientCare, a pioneer in **cloud-based ambulatory EHR** and Revenue Cycle Management services, integrated practice management and patient engagement solutions is glad to welcome CoverMyMeds aboard at the National User Conference (NUCON) 2019 as a Gold sponsor and exhibitor. The annual conference features informative sessions about upcoming enhancements, users' wish-lists based discussion sessions, hands-on demos with iPatientCare experts and exhibition showcasing the leading-edge technologies.

**CoverMyMeds**, part of McKesson Prescription Technology Solutions, helps patients get the medications they need to be healthy by seamlessly connecting the health care network to improve medication access; thereby increasing speed to therapy and reducing prescription abandonment.

**This year's annual user conference** will focus on proposed enhancements in iPatientCare technology that deliver context-sensitive pro-active guidelines for practicing value-based care. The knowledge sharing will be continued with a discussion on topics relating to value-based care, MACRA/MIPS, PCMH, Telehealth/Remote Patient Monitoring, and specialty-focused implementations.

"For the sixth year running, CoverMyMeds will be in attendance at the NUCON 2019 and we are proud and excited to have them as Gold Level Sponsor for this grand annual event. Beyond being the leading medication access solution in the country, they are doing a fantastic job in providing our end users solutions they need to help patients get the medications they need to live healthy. Since our integration, CoverMyMeds has remained the most accurate and reliable prior authorization solution for our end users. We look forward to their active participation at NUCON 2019." said **Shripal Shah, Senior Technology Officer, iPatientCare/AssureCare**.

### **About iPatientCare**

iPatientCare is a full suite of innovative healthcare products and value-added services that help physician offices, rural health clinics, and community/federally qualified health centers (CHC/FQHC) nationwide in improving the health of their patients, enhancing patient care through care management/coordination/analytics, and reducing costs of care delivery.

The awards-winning EHR, integrated practice solutions and value-added services, such as, the **revenue cycle enhancement** and quality improvement consulting, provide everything you need to control your practice operations, increase revenues, and provide better patient care.

iPatientCare helps healthcare providers to dramatically reduce A/R days and improve collections rates, reduce billing costs, eliminate the burden of repeatable, high volume work on their internal teams, and plug gaps in staffing and internal bandwidth. The revenue cycle teams are comprised of senior executives with extensive experience in clinically-driven revenue cycle management systems including certified billers and coders with managerial capabilities to facilitate client interactions, escalations and SLA.

The iPatientCare EHR - version 18.0, has received 2015 Edition ONC Health IT certification by Drummond Group, an Office of the National Coordinator-Authorized Certification Body (ONC-ACB), in accordance with the applicable eligible professional certification criteria adopted by the Secretary of Health and Human Services (HHS). Full certification details can be found at the [ONC Certified Health IT Product List](#).

As part of its MACRA-ready solutions, iPatientCare has been recognized as a qualified MACRA-MIPS registry by CMS, and has a distinguished credit of being selected as a preferred EHR and medical billing software by more than 70,000 users nationwide, numerous hospitals/health systems, federally funded regional extension centers, and in the past by the US Army and NASA Space Medicine.
