ENVISION SAFER SCHOOLS

Envision a way to monitor 24/7.

Envision a way to act fast should something happen.

Envision a way that enables you to predict and prevent.

School Safety Cloud™

Our Mission

Our mission is to make school grounds safer by monitoring, predicting, and managing incidents effectively.

We enable educators, administrators, parents, and students through the use of the latest technologies minus the hype, cost and convoluted jargon.

Free Trial

It's easy. Just ask for a direct get-to-the-point demonstration and get a 3-month free trial license.

For 2019, we are offering one-year free subscription to qualifying* school districts.

* District with less than 20 locations. Please contact us for more information.

School Safety Cloud™

AI-driven Incident Management, Mass Notification,
Emergency Operation Center and Anonymous Reporting Platform

KOKOMO 24/7™ IMS

AI-driven Incident Management

What if we can prevent bullying even before it happens? What if we can see patterns leading to suicidal behavior? Kokomo24/7™ IMS learns from the past and analyzes in real time, to predict and prevent.

KOKOMO 24/7™ AR

Turn-key Anonymous Reporting

School safety starts with involvement from all facets of the community, by equipping it with anonymous reporting, a.k.a. Tipline. Kokomo24/7™ AR is all-in-one solution; from mobile app and web site to triaging portal powered by AI-based Triage Scoring System™.

KOKOMO 24/7™ EOC

School Emergency Operation Center

Should an incident occur, do you still pick up a phone and call someone? Kokomo24/7™ EOC provides school operations and safety officials with instant situational awareness so emergencies are handled with informed decisions.

About Kokomo

We have decades of experience in public safety with FEMA, Los Angeles Unified School District, New York Police Department, United States Air Force and Metro bring all-in-one safety cloud for schools

CLOUD · BEST PRACTICE · PROVEN · CUTTING-EDGE · USER-FRIENDLY · MOBILE, WEB, EVERYWHERE

100% built on the cloud. Sign-up, configure, and start using it.

Enterprise-grade SaaS (software-as-a-service) products built by people with decades of secure enterprise software experience.
