Cloudify Enters into Agreement to Deliver Barracuda Portfolio of Products

Cloudify to Offer Enhanced Security & Compliance Assessments

Irvine, California (August 28th, 2019) - As your trusted advisor in business and technology we continually strive to enhance our service offerings. With that in mind, the Cloudify, Inc. team is excited to share some great news...

Cloudify, Inc. has entered into an agreement with Barracuda Networks to deliver Barracuda products and services to our joint customers. Together, Cloudify and Barracuda services provide you with end-to-end security services extending into the cloud and beyond!

Providing you with visibility into your classical and cloud infrastructure, Cloudify now offers a comprehensive compliance and security focused assessment with rapid remediation as a product and continuous service. Utilizing leading edge technology and reporting developed by Barracuda Networks, such as Cloud Security Guardian (CSG), Cloudify can now provide you with up-to-date information regarding your information security and compliance posture. The superior capability stack of Barracuda Cloud Security Guardian enables continuous reporting and rapid remediation for infrastructure, applications, and services connected to your data center and extending deep into the cloud.

Cloudify is now able to offer a CSG-provided assessment report that will be analyzed in the context with your organization's overall business and technology strategy, enabling you to get maximum context and value for all the report's findings.
