

# Speling Problem?

Try the new TVT Spelling module

With proven TVT quality,  
TVT Spelling is reliable,  
accurate and easy to use

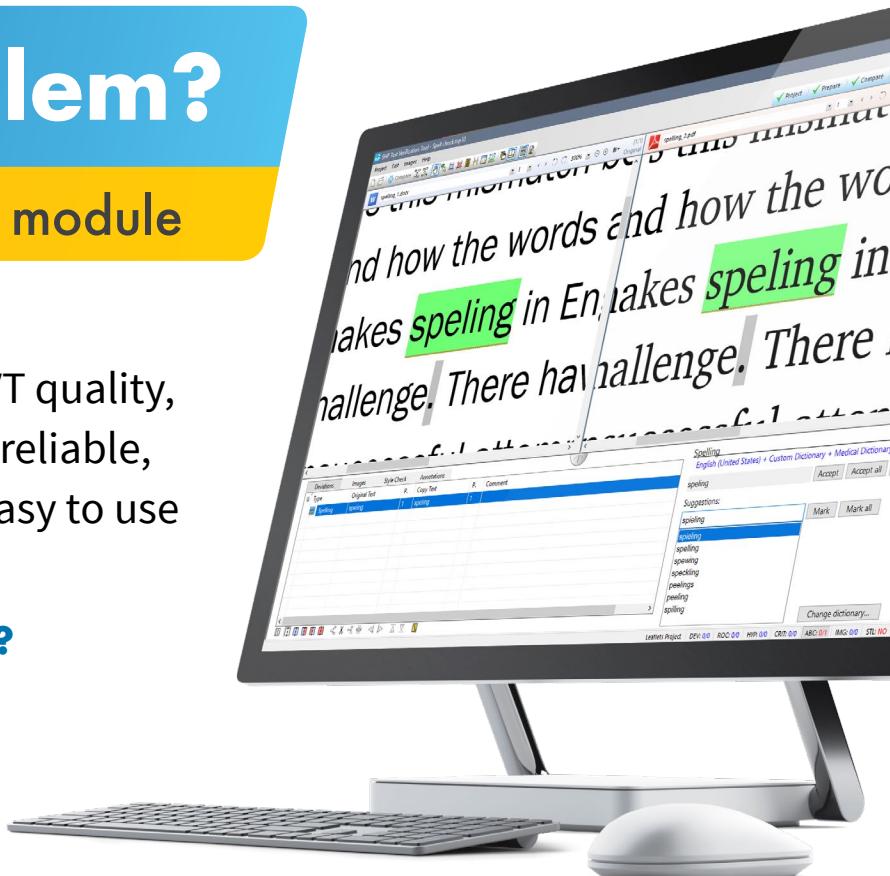

## Why do you need spell check?

- ▶ Originally approved documents can include overlooked spelling errors
- ▶ During the workflow there are always changes that can produce spelling errors
- ▶ During the workflow various file formats are used, but not all have a built in spellcheck
- ▶ You must check the printer's proof for spelling errors to prevent costly reprints and recalls

## Spelling mistakes are avoidable with TVT Spelling!

TVT and TVT Spelling are available in one tool, and generate one comprehensive, easy to read report that serves as your audit trail.

For more information about TVT Spelling functionality and pricing or to request a free trial version, please contact us.
