iPatientCare is All Set to Demonstrate Patient Advocacy and its impact on Revenue Cycle in VUCON November 2019 Session

iPatientCare will illustrate the role of patient advocacy to ensure a high level of patient satisfaction during the collection process and to develop policies and procedures for organizations to increase their net revenues.

Cincinnati, OH, November 19, 2019: iPatientCare, a pioneer in **cloud-based EHR**, Revenue Cycle Management services, integrated Practice Management, and Patient Engagement solutions, announces Virtual User Conference (VUCON), that will highlight the impact of patient advocacy on revenue cycle performance and how it helps in providing better patient-centric experience.

VUCON sessions are designed to demonstrate the new products and software versions of iPatientCare and its other useful add-ons as healthcare standards and policies are constantly changing. These monthly sessions are educational and at the same time entertaining too. This conference intends to keep the users updated and engaged with the current industry topics and other augmentations that are occurring within the iPatientCare system.

The session will highlight in detail:

1) What is Patient Advocacy?

2) Role of patient advocacy in Healthcare systems

3) Missed opportunities due to lack of communication

4) Unexplored revenue stream

5) Better patient experience

6) Lower operative costs with high returns

The session will commence on **November 21, 2019; 3:00 pm – 4:30 pm EST** *and will talk about the importance of effective patient advocacy and its* **components that affects the healthcare revenue cycle**.

About iPatientCare

iPatientCare is a full suite of innovative healthcare products and value-added services that help physician offices, rural health clinics, and community/federally qualified health centers (CHC/FQHC) nationwide in improving the health of their patients, enhancing patient care through care management/coordination/analytics, and reducing costs of care delivery.

The awards-winning EHR, integrated practice solutions and value-added services, such as, the **revenue cycle enhancement** and quality improvement consulting, provide everything you need to control your practice operations, increase revenues, and provide better patient care.

The iPatientCare EHR - version 18.0, has received 2015 Edition ONC Health IT certification by Drummond Group, an Office of the National Coordinator-Authorized Certification Body (ONC-ACB), in accordance with the applicable eligible professional certification criteria adopted by the Secretary of Health and Human Services (HHS). Full certification details can be found at the **ONC Certified Health IT Product List**.

As part of its MACRA-ready solutions, iPatientCare has been recognized as a qualified MACRA-MIPS registry by CMS, and has a distinguished credit of being selected as a preferred EHR and medical billing software by more than 70,000 users nationwide, numerous hospitals/health systems, federally funded regional extension centers, and in the past by the US Army and NASA Space Medicine.
