

## Plant Closure: Major Supplier to the Semiconductor Industry

**Ultra Clean Technology** is the Global Leader in the design, engineering, modules, critical subsystems, ultra-high purity cleaning and the manufacture of production tools for the **semiconductor industry**. Due to management restructuring, the company has decided to close their South San Francisco plant location and [Machinery Network Auctions Inc., in conjunction with Hilco Industrial](#), are very pleased to announce that they will be holding a live, on-site and on-line auction of the on-site assets.

The auction will be held on Thursday, December 12<sup>th</sup>, 2019 from 10:00 am PST at 139 Beacon Street, South San Francisco, CA 94080. There will be an on-site inspection for all interested bidders on December 11<sup>th</sup> from 9am to 4pm PST.

The **Ultra Clean** auction will feature a wide variety of equipment including (50+) CNC Machines as late as 2018, (4) Makino F.M.S., Mazak, Doosan, Mori-Seiki, OKK, Mitsubishi, Honor-Seiki, Kasuga, Brother, Makinos FMS, Mazak FMS, Tool Room, Welding Dept, Tooling, Testing, Support and More. ([MNA Details](#)).

**Ultra Clean** is recognized as the Major Supplier and partner of choice for semiconductor capital equipment manufacturing companies. Megacorporation has outsourced to UCT because they determined that UCT was the best-positioned company to provide a complete turnkey system integration solution that spans procurement, engineering, integration and testing. By offering all of these services UCT is able to provide the equipment manufacturers in this segment extreme flexibility when responding to fluctuations and dynamic market changes.

[Machinery Network Auctions](#) is your premiere source for Industrial Machinery Auctions. . For over **30 Years** the company has been an active auction partner with almost all of the nationally renowned auctioneers in the USA, Canada and Mexico. *Gary Treisman*, the President/CEO, and his team have managed, appraised and sold over **\$1 Billion** worth of machinery and related industrial assets. With a combined 90+ years of experience and over 1000 machinery auctions and transactions to their credit, Machinery Network Auctions is uniquely qualified to offer its clients a wide array of auction and liquidation services.

[Hilco Industrial](#) provides a full suite of industrial asset monetization services to help maximize the value of underperforming and unwanted machinery, equipment and inventory. Over the years, Hilco Industrial has recovered hundreds of millions of dollars for clients on five continents. Acting as a principal or agent, Hilco Industrial provides customers with acquisition and disposition solutions, and often the capital, needed to derive maximum profits from their assets.
