Author BK Fulton publishes *Mr. Business: The Adventures of Little BK*

Seven-book series shares life lessons that encourage children to pursue their dreams

Richmond, VA (Dec. 9, 2019) – Entrepreneur, philanthropist and author, BK Fulton, has published [Mr. Business: The Adventures of Little BK](#), a seven-book series based on Fulton’s childhood experiences. Illustrated by Salaam Muhammad and published by Owl Publishing in partnership with Souldify Productions, the books will appeal to all children ages 4-14 and caring adults. The books are available in all formats on Amazon.

BK Fulton believes that “readers become leaders” and uses the Mr. Business series to take a look back at life lessons growing up in Hampton, Virginia. Through the eyes of *Little BK*, Fulton’s writing reinforces the notion that children should

be themselves, no matter what. Both entertaining and humorous, *Mr. Business* uses wisdom and humor to illustrate how children can turn negatives into positives and channel their dreams into personal and professional success.

“Little BK is an inquisitive third-grader who encounters issues that are everyday happenings for many children, especially when they are young,” said BK Fulton, who is also the founding CEO of Souldify Productions, a company with a mission to produce meaningful, uplifting stories that are entertaining and beautifully told. “Little BK’s experiences show that it’s okay to be in your own skin, and it’s okay to choose your own style. His stories will encourage children to be true to who they really are.”

The series includes:

1. [Book 1: The First Day of School](#). On his first day of third grade at a new school, BK gets chased home from school. He must think fast and get help from a trusted friend just before the local bully can catch him.
2. [Book 2: The Science Project](#). BK is on his way to the science fair. But when a classmate says something that surprises him, BK has to figure out how to respond.
3. [Book 3: Secret Places](#). When BK's grandma comes to visit, he wants to show her all that he has learned in school. Instead, BK ends up with a brand new lesson about caring for others and himself. He has to turn to her when something happens to Rusty, his faithful dog.
4. [Book 4: My Favorite Thing](#). BK works smart to earn money so that he and his faithful dog, Rusty, can make their weekend run to the store for a slushy – BK's favorite thing. One day, BK finds some old coins in the house and realizes they belong to someone else. He has to figure out what to do.
5. [Book 5: Smart Guy Glasses](#). BK goes to the eye doctor with his mom to get his first pair of eyeglasses. He comes up with lots of excuses not to wear his glasses, until he learns that seeing clearly is like having a superpower.
6. [Book 6: The Cow](#). BK hears something interesting at school and shares it with his grandparents. He learns that some things are better not said, even if they are true.
7. [Book 7: Represent \(scheduled to publish the week of Dec. 15\)](#). BK gets good grades in school and is in the honors assembly. He also wants to look "cool" by hanging with his less-studious friends some of whom are on the basketball team with BK. When he doesn't earn the gold honors tassel, his teammates give him a surprising answer.

"FULTON DOES A MASTERFUL JOB CREATING A RELATABLE, COMPELLING STORY WITH A POSITIVE MESSAGE THAT CAN HELP CHILDREN FIND THEIR OWN VOICES."

— Dr. Bonnie Botel-Sheppard, Children's Literacy Expert

"*Mr. Business* will appeal to countless children who work smart and try their best every day at home and at school," added Fulton. "It also speaks to the caring adults who guide young people to be excellent. I believe that every day is a gift, and what we do with that gift is our gift back to each other."

In addition to *Mr. Business: The Adventures of Little BK*, BK Fulton is the author of [Shauna](#) (2016), an adaptation of a poem written by Fulton when he was 16 years old and inspired by his sister Shauna, who was born with Rett Syndrome. The love-filled prose and delightful illustrations show how disabled children and adults blend in with everyone.
