

iPatientCare announces its Platinum Sponsorship for HITCON 2020 - Healthcare IT Conference in India

iPatientCare to exhibit its Hospital Information Management Software expertise at leading healthcare technology event in Ahmedabad on January 11 - 12, 2019.

Cincinnati, OH, December 13, 2019: iPatientCare, a pioneer in **cloud-based ambulatory EHR** and revenue cycle management services announced today its exclusive platinum sponsorship of HITCON 2020, the Healthcare IT Conference in Gujarat. The conference is scheduled on January 11 - 12, and will bring together the leading minds in medicine, healthcare technology and corporate hospitals. The conference will highlight several panel discussions on the theme 'Learn, Innovate, Upgrade', featuring industry experts, physicians and academicians.

iPatientCare is known for its pioneering contribution to evolving an easy-to-use, mobile-friendly electronic health record, ePrescribing, and hospital information management system, designed by doctors for the doctors. As the exclusive platinum sponsor, iPatientcare will have an exhibit booth throughout the conference, and will showcase its **best-in-class healthcare IT solutions** and technical capabilities associated with evolving healthcare landscape.

"HITCON and iPatientCare both are committed to the same vision - to empower medical fraternity with the use of latest technology, which in turn benefits patients and upgrade medical practice as well. iPatientCare is proud to support this vision and looks forward to sharing our progress till date on this interactive platform with a diverse audience consisting of doctors from across all specialties, healthcare organizations, and other institutions." said **Udayan Mandavia, Chief Growth Officer, iPatientCare/AssureCare.**

This mega HealthTech event provides an unparalleled opportunity for doctors to enhance their knowledge and skills, navigate challenges and be future ready. Additionally, presentations and panel discussions will focus on topics aimed to address upcoming industry changes and take a holistic approach to running all aspects of a medical practice.

About iPatientCare

iPatientCare is a full suite of innovative healthcare products and value-added services that help physician offices, rural health clinics, and community/federally qualified health centers (CHC/FQHC) nationwide in improving the health of their patients, enhancing patient care through care management/coordination/analytics, and reducing costs of care delivery.

The awards-winning EHR, integrated practice solutions and value-added services, such as, the **revenue cycle enhancement** and quality improvement consulting, provide everything you need to control your practice operations, increase revenues, and provide better patient care.

The iPatientCare EHR - version 18.0, has received 2015 Edition ONC Health IT certification by Drummond Group, an Office of the National Coordinator-Authorized Certification Body (ONC-ACB), in accordance with the applicable eligible professional certification criteria adopted by the Secretary of Health and Human Services (HHS). Full certification details can be found at the **ONC Certified Health IT Product List**.

As part of its MACRA-ready solutions, iPatientCare has been recognized as a qualified MACRA-MIPS registry by CMS, and has a distinguished credit of being selected as a preferred EHR and medical billing software by more than 70,000 users nationwide, numerous hospitals/health systems, federally funded regional extension centers, and in the past by the US Army and NASA Space Medicine.
