

# THE V5 UPGRADE

A Better UX for You and Your Participants

## Modernized Shopping Experience

An updated B2C-style shopping experience makes reward shopping and redemption more intuitive and appealing than ever.

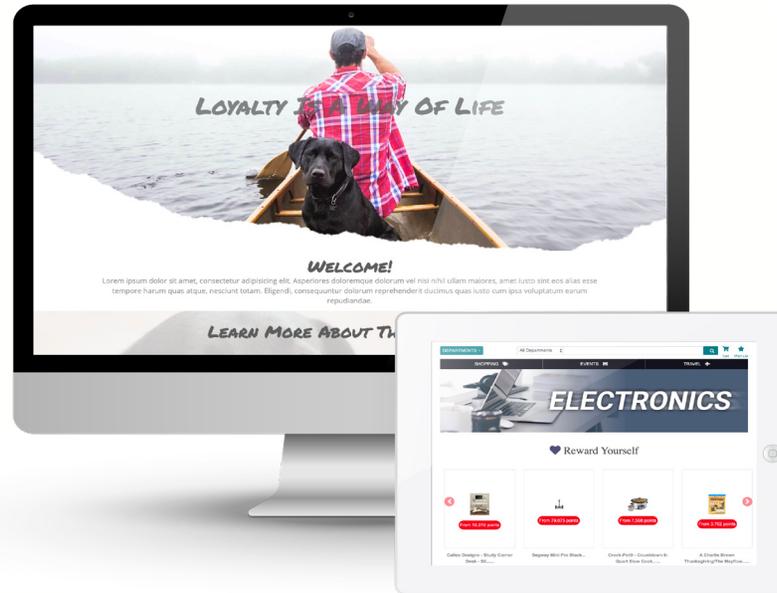

## New My Account Page

Additional controls, updated forms, and a redesigned My Account Page, complete with transaction grouping, sorting, search, filter, and export, makes for a more rewarding admin UX.

## Lock & Preview Modes

Lock and preview modes let you test any page changes before pushing them live to preserve the integrity of your participant experience.

## Streamlined Design Interface

With a new brand manager and a drag-and-drop WYSIWYG editor, updating the look and feel of your site can be done quickly and easily.

## New Theme & Layout Options

If site design isn't your thing, we have you covered! Choose from more modern prebuilt themes and layouts or let us build one for your own custom theme.

## Improved Responsiveness & Compatibility

V5 is fully compatible with all internet browser, and has added tablet responsiveness, making your program even more accessible.
