**PHI ANNOUNCES APPOINTMENT OF OIL AND GAS INDUSTRY VETERAN
PATRICK CAREY LOWE TO BOARD OF DIRECTORS**
LOWE BRINGS UNIQUE INDUSTRY INSIGHTS AND GLOBAL EXPERIENCE TO INTERNATIONAL COMPANY

(Lafayette, LA, January 13, 2020) – PHI announced the appointment of Patrick “Carey” Lowe to its Board of Directors. A respected leader in oil and gas services, Mr. Lowe will serve the board in many capacities in addition to supporting the company’s profitable growth, sustainability and safety initiatives. Mr. Lowe’s unique background and international assignments augment the board’s expertise and will help augment the leadership team as they continue to build upon the company’s recent achievements.

“We are honored to have a leader with the expertise and vision of Carey join our board,” said Scott McCarty, Chairman, PHI. “With over thirty years of success in the ever-evolving international oil and gas services industry, Carey will provide valuable perspectives as we continue to build on our leadership position domestically as well as internationally. His history of success in the industry, as well as his shared belief in our values and our unique approach to safety, align with our business and culture priorities.”

Mr. Lowe has managed worldwide drilling operations for major organizations in the oil and gas space, most recently serving as Executive Vice President and Chief Operating Officer of Valaris (formerly Ensco). He served as Ensco’s Executive Vice President and Chief Operating Officer; Executive Vice President for Investor Relations, Strategy and Human Resources; and Senior Vice President of the company’s eastern hemisphere, where he was part of the M&A team as well as responsible for safety, health and environmental matters. Prior to joining Ensco, Mr. Lowe spent nearly 30 years in operational and international drilling-related management positions with companies such as Occidental Petroleum in Latin America and the Middle East, as well as Sedco Forex and Schlumberger Oilfield Services in North and South America, and the Middle East.

“Throughout his career, Carey has proven himself to be a strong and effective leader through his work in improving safety, optimizing operations, and increasing efficiencies and drilling performance,” said Mr. McCarty. “We look forward to his contributions to the organization and to our customers.”

About PHI

PHI is one of the leading and safest helicopter services companies in the world, operating over 240 aircraft in over 70 locations around the world. The company is comprised of diverse business units, PHI Aviation and PHI Health, which offer services to the offshore Oil and Gas, Air Medical applications, and Technical Services applications across the globe. The highly trained pilots, maintenance technicians, clinicians and diverse professional talent across the organization gives the company a great depth in all areas of operation and is composed of highly skilled, dedicated, and loyal employees. The company continues to innovate through the delivery of service, as well as with its leading safety initiatives, including continuing evolution of its Safety Management System through the Human Dimension of Safety.
