

AmeriCash Loans Helps Grant Family's Christmas Wishes

There's no place like home for the holidays. In December 2019, AmeriCash Loans was proud to sponsor 93.9 LITE FM's Christmas Wish and help one local family's wish come true.

AmeriCash Loans has long been known for supporting individuals and communities. When it was founded in 1997, its mission was to provide financial services to individuals while also supporting the communities in which its customers live, work, and call home.

According to a company spokesperson, 'We have been spreading holiday cheer for years with food drives, toy drives, and other charitable events designed to ease the financial strain and struggle of the holiday season for our customers and our communities.'

That made partnering with Chicago's own 93.9 LITE FM a perfect match. The station is known for playing nonstop Christmas music throughout the holiday season and for priding itself on being an honored part of the holiday tradition of many people throughout the region. For 2019, AmeriCash Loans was proud to be a sponsor of the station's annual Christmas Wish.

The contest enabled listeners to call in to nominate themselves, or to have someone else nominate them, for a chance to have their wish granted. One of the amazing Christmas wishes that AmeriCash Loans granted was for a growing family of four. After hearing about the Christmas Wish on the radio, wife, Jocelyn submitted her wish after she – along with her husband, toddler, and new baby – moved into their parents' home to save money for a new apartment. She wrote to the station asking for enough money to pay for their first month's rent in a new apartment. After all, with more than 10 people living in a small home, the term "tight quarters" certainly applied.

Then, on one crisp day, Melissa Foreman from 93.9 LITE FM hit the street along with Edison the Reindeer to grant the family's Christmas Wish with a check for \$1,000 from AmeriCash Loans. Foreman greeted the family with warm hugs and holiday wishes before presenting the check, which enabled this growing family to move out of their parents' home and into their own apartment. It was truly the family's Christmas wish come true.

About AmeriCash Loans

AmeriCash Loans was founded in 1997 in Des Plaines, Ill. From its small office on a main street in town to 65 brick-and-mortar branches located in Illinois, Wisconsin, Missouri, and South Carolina, this financial services provider has always placed people and communities at the center of their mission. AmeriCash Loans' goal is to ensure that each customer experience is a memorable, respectful one that addresses each individual's specific financial needs. They

provide short-term financial products to help with everything from unexpected expenses to emergency repairs to holiday shopping.

Consumers can apply for loans in person at one of their neighborhood locations, or online at <http://www.AmeriCashLoans.net>. Questions? Call 888-907-4227 to speak with a customer support representative.
